Board of Directors Elections

The next regular election of the Board of Directors is scheduled for December 1-10, 2019 for the term beginning July 1, 2020.

A ballot will be sent to the principal of each member school containing the name and school of each eligible candidate to be elected from their district. To be valid this ballot must be completed by the principal and received by the Commissioner between December 1 and 10 of this year.

Ballots will be examined by the Executive Committee and filed. Any candidate who has reason to question the tabulation may inspect those from his/her district. However, the part of the ballot containing the school and principal's name will be detached before the inspection. Any Committee Member who is a candidate does not participate in the tabulation of the vote in his/her own district.

The December, 2019 election will determine a representative from each of the districts designated below.

See Article IV, Sections 1-3 of the By-Laws for details. Deadline for filing as a candidate is Friday, Nov. 15, 2019.

Proposals for Board Action due by March 1

According to Article VI, Section 2 of the By-Laws, any proposal to be included on the agenda of the annual meeting of the IHSAA Board of Directors must be submitted to the IHSAA Office prior to March 1. This year's meeting will be Monday, May 4, 2020.

Are Your Athletes Eligible?

Be sure to check the following items that could jeopardize the eligibility of your athletes:

- Age
- Consent and Release Certificate on file prior to 1st practice
- Semesters of enrollment
- Scholarship – previous and present grading period/semester
- Athletic Transfer Form filed, if applicable
- Foreign Exchange Student Application Form filed, if applicable
- Number of practices prior to competition
- Season limitations – maximum number of contests, etc.

It is recommended that member school principals hold a meeting for all boys and girls in grades 9-12 who will be participating in athletics to discuss IHSAA rules, i.e. amateurism, scholarship, age, transfer, etc. Sportsmanship expectations of each athlete should also be discussed.

Christian Scientists Policy

The question is asked occasionally about IHSAA Consent and Release Form and its application to Christian Scientists. **IHSAA Rule 3, Sectional 10 is still in force** and requires a physical examination prior to student's first practice. Since there is no legal exemption to this examination, you are expected to comply with the rule even though special exemption request forms are presented by the student.

Attention Tourney Directors

Lifetime Passes have been distributed to current and former Board of Directors, IHSAA Office Staff and to former elected IHSAA Girls Advisory Committee members. Please notify your ticket personnel of our policy so that these passes will be honored for admittance.

Unsporting Behavior

In an effort to prevent the recurrence of unfortunate incidents in any varsity, reserve or freshman contest, the Association requires that unsporting reports be filed within 24 hours of the completed contest. The official will initiate the process. Member Schools will verify the information within the official's report and submit to the Association.

1. Licensed officials distributing the penalty shall initiate the Unsporting Report for:
 - a. Any contestant who displays unsporting behavior requiring the assessment of a penalty (unsporting or ejection).
 - b. Any coach who displays unsporting behavior requiring the assessment of a penalty (unsporting or ejection).
 - c. Any fan who displays behavior warranting elimination from the contest.
 - d. Any administrator who displays behavior warranting elimination from the contest.
2. Principal/Athletic Administrator
 - a. Verify the information contained within the report (correct coach, player, etc.).
 - b. If an ejection (Student or Adult), visit www.nfhslearn.com to find required courses to complete.
 - a. Students are mandated per by-law 8-4 to complete the Sportsmanship Course (free).
 - b. Coaches and Administrations are mandated per by-law 8-4 to complete the Teaching and Modeling Behavior course (paid course).
 - c. Students, Coaches, Administrators, and Fans will serve the suspension from the next interschool Contest (Home Contest for a Fan) at that level of competition and all other interschool Contests (Home Contests for a Fan) at any level in the interim.
 - c. Submit to the IHSAA within 24 hours of receipt.

2019-20 Athletic Accident Insurance

The Indiana High School Athletic Association has purchased a Catastrophic Accident Insurance Policy effective August 1, 2019 to July 31, 2020. The insurance policy is provided through Shepherd Insurance Agency whose Indiana offices are located in Carmel, Evansville and Seymour. The insurer of the sponsored program is Gerber Life Insurance Company. Gerber is an A.M. Best "A" rated carrier.

The following is a general summary of benefits provided by the 10-year Catastrophe Injury Insurance Program. It is not meant to be a complete explanation of all provisions of the policy. No coverage is extended and no representations are made, except by the policy and/or certificate. Copies of the policy are available from the office of the IHSAA.

Reporting Potential Claim Occurrences during Policy Period

If a student suffers an accidental injury under the below described circumstances which might exceed \$25,000, see below for "How to Report a Claim."

1. Fax on School Letterhead the following information to Shepherd Insurance at 317-846-5444
2. Or email Robin Cornelius at rcornelius@shepherdins.com or Jeremy Sims at jsims@shepherdins.com
 - a. Name of injured party
 - b. Name, address and phone number of injured party's parents or guardian
 - c. Date of accident/incident
 - d. Brief overview of accident or incident

Who is a Covered Participant?

All student athletes, student managers, student trainers, student cheerleaders, and students participating in any interscholastic competition in sports sanctioned by the IHSAA.

What is a Covered Event?

An interscholastic competition governed, authorized, sanctioned or scheduled by the IHSAA, including school-supervised practice and game related activities.

What Is Covered Travel?

Team or group travel arranged and supervised by the IHSAA or the school to or from a covered activity.

What medical expenses are eligible for coverage?

If as a result of an injury the insured incurs covered expenses starting within 180 days from the date of the accident causing the injury, we will pay up to the maximum benefit, all covered expenses incurred up to a maximum period of 10 years from initial injury.

What are covered expenses?

Covered expenses mean the reasonable and customary charges for:

1. Medical treatment including, hospital/surgical care and services prescribed by a doctor
2. Nursing care provided by a licensed nurse, ambulance services
3. X-Rays and lab exams
4. Prescription drugs, therapeutic services and supplies
5. Dental treatment as a result of injury to sound teeth
6. Licensed home health care or skilled nursing home confinement provided for physical, occupational, respiratory and speech therapy
7. Spinal subluxation and service of a home health aide

\$1,000,000 after satisfying expenses (deductible) of \$25,000

Are there any additional benefits provided under this policy?

Yes, the policy also includes an additional \$500,000 cash benefit if the insured person sustains paralysis, coma or brain death.

General Exclusions and Limitations

This Policy does not cover any loss excluded by the policy. You must refer to the policy for exclusions.

1. intentional self-destruction or an attempt at it, or intentional self-inflicted injury while sane or insane
2. war or an act of war, declared or undeclared
3. air travel unless the insured is a passenger on a regularly scheduled flight of a properly licensed commercial airline
4. being intoxicated or under the influence of narcotics unless it is administered on the advice of a doctor
5. neither the injury, loss, or expense may result from sickness, disease or from any cause other than the accident
6. participation in a scheduled competitive event or meet by a person who is receiving benefits under the contract, unless he or she has a written statement from a doctor permitting such participation

****Please Note:**

It is not necessary to report every injury at your school, but a good rule to follow is that if you have an injury that requires any type of surgery, that injury needs to be reported. It will more than likely penetrate the \$25,000 deductible and the injured party would then qualify for benefits under the Catastrophic Accident Insurance Policy.

IHSAA Concussion Guidelines

“Any athlete suspected of having a concussion should be evaluated by an appropriate health care professional that day. Any athlete with a concussion should be medically cleared by an appropriate healthcare professional prior to resuming participation in any practice or competition.”

The language above appears in all National Federation sports rule books as part of the suggested guidelines for the management of concussion. It reflects a heightened emphasis on the safety of athletes suspected of having a concussion, especially since the vast majority of concussions do not involve a loss of consciousness. The State of Indiana has laws (Ind. Code 20-34-7) which mandate a protocol to be observed in the event there is an athletic head injury or concussion sustained by a high school student in a high school practice or game. The following guidelines provide the IHSAA’s suggested procedures to be followed when a student athlete in a contest or a practice in an IHSAA recognized sport sustains a head injury or concussion.

1. Any high school student athlete suspected of having sustained a concussion or a head injury in a high school practice or a high school contest:
 - (a) should be removed from play at the time of the concussion or head injury is sustained,
 - (b) should be evaluated by an appropriate health care professional immediately, and
 - (c) should not return to play in a practice or a game until the high school student athlete is cleared in writing to return to play by the health care professional who conducted an evaluation.
2. A high school student athlete should not return to play or practice any sooner than twenty-four (24) hours after the student is removed from play. After medical clearance by an appropriate health care professional, return to play should follow a step-wise protocol with provisions for the delay of the return to play based upon the return of any signs or symptoms.
3. The Official’s Role in Recognizing a Concussive Event:
 - (a.) If, during a contest, an official observes a player and suspects that the player has suffered a head concussion or head injury by exhibiting concussive signs (including appearing dazed, stunned, confused, disoriented, to have memory loss, or the athlete is either unconscious or apparently unconscious), the official should notify a coach that a player is apparently injured and advise that the player should be examined by an appropriate health care Professional.
 - (b.) If a concussion event occurred during a contest, and regardless of whether the student athlete returns to play or not, following the contest, an official’s report shall be filed with the school of the removed player, including the athletic director, by the Official that initially removed the student athlete from play; this report may be found on the IHSAA website at www.ihsaa.org.
4. For purposes of this Concussion Guideline, an appropriate health care professional is an Indiana medical doctor (MD) or doctor of osteopathic medicine (DO) who holds an unlimited license to practice medicine in the state of Indiana, and who has training in the evaluation and management of concussions and head injuries.

In cases where an assigned IHSAA tournament physician (MD/DO) is present, his or her decision regarding any potential concussion, or to forbid an athlete to return to competition, may not be overruled.

Boys & Girls Cross Country

Special Note: The IHSAA has adopted a specific protocol regarding the management of concussions in all sports where the National Federation of State High School Associations (NFHS) writes playing rules. This protocol may be found at the beginning of each IHSAA Bulletin.

Once a player's ball initially comes to rest on the putting green of the hole being played, the player's designated single identifiable coach must cease giving advice to the player until the player's ball is holed on the putting green of said hole. Coaches are not permitted on the putting green (exception - a rules question regarding the maintenance of the putting green). The penalty for a coach giving advice in violation of this rule would be a 2-stroke penalty per incident for the player. Additionally, when a player begins taking a stance and until he strokes the stroke is made, the coach or advice giver must not deliberately stand in a location on or close to an extension of the line of play behind the ball for any reason. This would also result in a 2-stroke penalty per incident. Rule 10 - Advice in the Rules of Golf is in effect for all levels of IHSAA tournament golf series giving each team the authority to appoint one coach that may give advice to members of that team. Coaches are outside influences at all times and therefore there is no penalty if their cart or themselves, are hit by a ball.

Conversations with players and coaches should not occur. Firmly and tactfully decline to discuss game situations.

XV. Pairings

- A. Pairings shall be determined by a random draw held in the IHSAA office on Sunday, September 29, 2019. The pairings will be posted on the IHSAA website by noon that day.
- B. Pairings and order of games may not be altered except by approval of the Commissioner.
- C. Throughout the entire tournament, the second-named team or the team on the bottom line of any bracket is always designated as the "Home Team" and shall wear dark-colored uniforms. Their opponents will be named first or appear on the top line of the bracket and will be designated as the visiting team and will wear white uniforms. The home team shall have a choice of bench except when participating against the host team.

XVI. Players in Uniform

- A. Schools may have a maximum of 25 players. The only representatives of a school allowed on the bench are the 25 players in uniform, coaches, manager and a trainer. A student trainer not in uniform may be permitted on the bench.
- B. A minimum of 5 minutes prior to the beginning of the match a list of all bench personnel must be presented to the head referee and the opposing coach. The list shall include the 25 players dressed and eligible to participate in the match as well as all coaches, non-participating players, managers, trainers, statisticians or anyone else authorized to be in the bench area. The head coach accepts responsibility for the conduct of all bench personnel

XVII. Practice Sessions

There will be no practice sessions permitted at any tournament sites other than pre-game warm-up.

XVIII. Programs

Those provided by the center school shall be the only programs distributed or sold, and no advertisements are permitted except for that as required by IHSAA as per corporate sponsor agreement.

XIX. Reporting State Tournament Scores – Participating Schools

All schools participating in the soccer state tournaments are required to set up an account on MaxPreps.com for their team. Each school will be required to report the final score from each state tournament match to their MaxPreps.com account within 30 minutes of the completion of each contest. The IHSAA state tournament brackets are directly connected to each school's account and the winning team will automatically advance in the bracket based on the score reported.

XX. Restrictions

Principals should inform students and adult fans of the following tourney restrictions:

- A. Balloons, banners and/or posters, etc. are not permitted.
- B. No battery-powered or electronic noise-makers, sirens or whistles are allowed.
- C. Cheerleaders are not permitted on the playing field.
- D. The use of bands at IHSAA tourneys is not permitted.
- E. Throwing of articles, including toilet tissue is not allowed.
- F. No live animal mascots are permitted.
- G. Solicitations, donations, contributions and aggressive vending of school spirit items are not permitted.
- H. It shall be the responsibility of each high school principal to see that the above restrictions are enforced.

XXI. Team Photographs

Teams advancing to the state finals tournament will be requested to submit team photographs, rosters, statistics, etc. to the Association Office for use in the State Finals program. Semi-state directors should be sure that all semi-state winners receive the appropriate forms to complete. **Submission of State forms/information by State qualifying teams will be accomplished by 12:00 pm ET on Sunday, October 27, 2019.**

XXII. Tie Break Procedure

The Tournament Directors should enter the field to ensure that this procedure is followed correctly.

- A. There shall be two (2) seven (7) minute overtime periods played.
 - 1. A coin toss shall be held as in Rule 5-2-2 (d,3).
- B. Teams will change ends between each seven-minute period. Play will continue immediately.
- C. If the score still remains tied, all coaches, officials and team captains shall assemble at the halfway line to review the procedure as outlined below:
 - 1. The head referee shall choose the goal at which all of the kicks from the penalty line shall be taken.
 - 2. Each coach will select any five players on or off the field (except those who may have been disqualified) to take the kicks.
 - 3. A coin toss shall be held as in Rule 5-2-2 (d,3). The team winning the toss shall have the choice of kicking first or second.
 - 4. Teams will alternate kickers. There is no follow-up on the kick.
 - 5. The defending team may change the goal keeper prior to each penalty kick.
 - 6. Following five kicks for each team, the team scoring on the greatest number of these kicks shall be declared the winner.
 - 7. Add one goal to the winning team score and credit the team with a victory. An asterisk (*) may be placed by the team advancing to indicate the advancement was the result of a tie breaker system.
 - 8. The coach and team shall remain on the sideline during the penalty kicks.
- D. If the score remains tied after each team has had five kicks:
 - 1. Each coach will select five different players than the first five who already have kicked to take the kicks in a sudden victory situation, wherein if one team scores and the other team does not score, the game is ended without more kicks being taken.
 - 2. If the score remains tied, continue the sudden victory kicks with the coach selecting any five players to take the next set of alternating kicks. If a tie still remains, repeat D1.

XXIII. Tournament Hosts

- A. Aims

It is the sincere desire of the IHSAA Executive Committee that state championship tournaments sponsored by the Association be among the most significant events of the entire school year. Each tournament should be a significant athletic event conducted in such a way as to foster desirable interschool relationships, promote good sportsmanship and fair play.
- B. Organizing Plans

Initially, devise a tournament timetable beginning with the selection of the tournament site and extending through to the filing of the final report. Develop a chronological order of dates on which certain items must be done such as interviews with news media, mailing of first letter to participating schools, preparation of soccer fields, dressing room assignments, worker's directions, sale of tickets, playing schedule, etc. will aid significantly.

The timetable should be followed carefully. Leave nothing to be done at the actual tournament time which can be done in advance. The success of a tournament depends greatly upon detailed advance planning.
- C. Workers

Avoid having too many things to handle personally. A good tournament director will have a contingent of dependable assigned help who will direct teams to dressing rooms, take tickets, operate scoreboard, usher people to proper seats, etc., thus freeing the director to review the proceedings as a general supervisor; making decisions if emergency situations arise.

An ample number of workers are very necessary for a well-run tournament. An organizational meeting of all workers before the opening session is recommended. Printed instructions distributed at your organizational meeting will aid workers in carrying out responsibilities. Provide each worker with an official badge, name tag, or visible identification. **"Ball Holders" should be volunteers.** The local clubs should be contacted to provide youngsters for these positions.
- D. Signs and Banners

The displaying of signs, banners or placards at tournament games is prohibited. Such devices obstruct the view of spectators, are unsightly, and in many instances may become extremely hazardous. Take the necessary steps to prevent these devices from being brought into the playing area.
- E. Entry Lists

All entry lists must remain in the possession of the center school principal/tournament director at all times during the tourney. The official entry list shall constitute final evidence in all cases of dispute. File the entry lists of schools eliminated in the tourney.

 - 1. Sectionals

- a. The Association Office will email all entry lists to the Sectional host sites.
 - b. Changes shall be authorized by the Association Office only.
 - c. Email, to the Regional host, the entry list of the winning school.
2. Regionals
- a. The Association Office will notify you after 4:00 p.m. (EST) on the Monday following the sectional, or the day after the final sectional game is completed, of any player changes.
 - b. The sectional center principals have been instructed to email the entry list of the winning team to you immediately after the sectional.
 - c. Email, to the Semi-State host, the entry list of the winning school.
3. Semi-State
- a. The hosts have been established – see alignments above. The Association office will notify each site as to which teams will be traveling to your location. With this format, assignments will be made in an effort to decrease travel miles and expenses for participating schools.
 - b. The Association Office will notify you after 4:00 p.m. (EST) the day after the regional game is completed of any player changes.
 - c. The regional center principals have been instructed to email the entry list of the winning team to you immediately after the regional.

D. Inclement Weather and Adverse Field Conditions

The tournament director, in conjunction with the referees, coaches and administrators, are accountable for the safety of the players and spectators when inclement weather conditions, poor field conditions and other negative playing conditions arise. In addition, because soccer is a unique sport, requiring tremendous ball handling skills that can be drastically impacted by inclement weather, poor field conditions and other playing conditions, the tournament director, in conjunction with the referees, coaches and administrators, shall insure that the contest can be played in a manner which is not unreasonably impacted by the weather, the field conditions and other negative playing conditions.

Prior to the start of the contest, the tournament director shall be responsible for judging whether the weather conditions, the conditions of the field and other playing conditions which affect safety and manner of play, will permit the contest to be played safely and in a reasonable and appropriate manner. If the tournament director is confronted with bad weather, poor field conditions and other negative playing conditions prior to the beginning of the contest, he/she is authorized as tournament director, to postpone the contest.

Once the contest begins, and until the contest ends, the contest officials have the initial authority to determine whether the contest can be played safely and in a manner, which is not substantially adversely impacted by the weather, the field conditions or other playing conditions. However, the tournament director shall have the ultimate authority, during the contest, to suspend play if he/she determines that the weather conditions, the conditions of the field and other playing conditions are such that the contest cannot be played safely or in a reasonable and appropriate manner.

By way of example, but not to be considered an exhaustive list, the following are the conditions which may cause the postponement of the contest or the suspension of play:

- 1. Substantial inclement weather, such as a tornado, the sighting or a warning of lightning (see, Guidelines for Lighting Safety), dense fog, heavy rain, hail, snow, etc.
- 2. Unreasonably poor playing field conditions, such as a field which is so muddy that the ball cannot be kicked appropriately and safely, a field where pooled water prevents a kicked ball from moving across the field as intended by the player, a field where the conditions of the goalmouth are so poor that the safety of the goalkeeper cannot be assured, etc.
- 3. Other unusual playing conditions exist such as an earthquake, a threatening wildfire, a nearby chemical spill, riots and other civil disobedience, etc.

Should the contest officials fail to suspend play when a condition exists which causes the tournament director to believe that the contest cannot be played safely, reasonably and appropriately, the tournament director shall ask that play stop and shall consult with the contest officials about the conditions. The tournament director shall seek a consensus with respect to the decision to suspend play; however, the final decisions to suspend play shall be that of tournament director.

Any tournament contest which is postponed or suspended should be played or resumed on the next available date. Suspended contests shall be resumed at the point of interruption. Every effort should be made not to cause a team(s) to play back-to-back contests on school nights. If scheduling two sessions on Saturday, there should be at least a three-hour rest period between the sessions.

- E. Reporting State Tournament Results
1. For the purpose of allowing for state-wide dissemination, tournament directors are required to e-mail results at the end of each day to the IHSAA, the Indianapolis Star, and to Assistant Commissioner, Sandra Walter. Please list your Sectional site and Sectional number in the subject line and then provide the team scores in the message, not as an attachment. In addition, please list the won-loss-tied record of your tournament champion.
 - a. IHSAA: results@ihsaa.org
 - b. Indianapolis Star: hsresults@indystar.com
 - c. Sandra Walter, Assistant Commissioner, Soccer: swalter@ihsaa.org
- F. Hints for the Public Address Announcer
- The announcer is a key person and carries significant responsibility. What the announcer says and the way he/she says it will influence the crowd. He/she may find it necessary to make special announcements in case of emergencies. The following items may assist the announcer:
1. Be impartial.
 2. Use proper language at all times.
 3. Be enthusiastic but calm.
 4. Be aware of the entire field area so that calm directions can be given in an emergency. Serious situations can often be avoided if the announcer will caution the crowd against coming onto the field, throwing objects, etc.
 5. Permit no one except those in charge of the event to use the microphone. The announcer is responsible for whatever is said over the P.A.
 6. Do not criticize officials' decisions, directly or indirectly.
 7. Announce convenient routes for leaving the area and caution the crowd to drive carefully.
- G. Tournament Program
- Programs may be provided by the center school. If provided, it shall be the only program distributed at the tournament. No advertisements shall be included. The official brackets will be posted on the IHSAA.org site the day of the draw. A copy of "Indiana High School Athletic Association, Inc." statement can be found on the myIHSAA.net website and should be incorporated into the program.
1. Sectionals – Players' names, numbers, and grade level may be taken from the entry list but will not be final until 4:00 p.m. on the official entry list deadline day.  2. Tournament Information: Be sure that all schools in the tournament are given adequate notice of the exact time when they are to play, location of dressing rooms, admittance of teams, warm-up procedure, parking, etc.
- I. Facilities and Equipment – All facilities and equipment should meet the rule specifications in the current Official High School Soccer Rules published by the NFHS.
1. Ball – WILSON Forte FYbrid II will be used at all centers and will be provided by the IHSAA.

- J. Safety – IHSAA liability insurance is carried by National Sports Underwriters, Ltd. No insurance representative will personally inspect your facilities. Therefore, tournament center principals are urged to use every precaution in adhering to safe practices in preparation for the coming tournaments.
- K. Security – To help ensure the safest and most secure atmosphere for our IHSAA events, tournament management will diligently maintain established security procedures and activities. This will require complete cooperation by all competing teams, contest officials and fans. Security will always have priority over convenience; therefore, all individuals are requested to promptly cooperate with event personnel in any manner. Your assistance will allow the tournament staff to fulfill their duties.

- L. Emergency Contacts – In case of emergency, the IHSAA Executive Staff members may be reached at:

- M. Pre-Game Prayer on Public Address System – At all IHSAA tournament sites, the public address system is to be used for announcements approved by the IHSAA and those necessary for the administration of the tournament. There shall be no oral prayers delivered over the public address system at IHSAA tournament events. During the regular season, it is the prerogative of the host school to determine whether a prayer is delivered over the public address system.
- N. Communicable Disease Procedures – The Indiana High School Athletic Association continues to be concerned for the health and well-being of all participants associated with athletic contests and practices. The procedures listed below are taken from the National Federation of State High School Associations (NFHS) Sports Medicine Handbook (Vol. 2) and serve as a reminder to member schools of the protocol that should be followed when such episodes occur.

The risk for blood-borne infectious diseases, such as HIV and Hepatitis B, remains low in sports and to date have not been reported. However, proper precautions are necessary to minimize the potential risk of spreading these diseases. In addition to these diseases that can be spread through transmission of bodily fluids only, skin infections that occur due to skin contact with competitors and equipment deserve close oversight, especially considering the emergence of the potentially more serious infection with Methicillin-Resistant Staphylococcus Aureus (MRSA). (See position statement on this on the NFHS web site and in the third edition of the NFHS Sports Medicine Handbook)

Universal Hygiene Protocol for All Sports

- Shower immediately after all competition and practice
- Wash all workout clothing after practice
- Wash personal gear, such as knee pads, periodically
- Don't share towels or personal hygiene products with others
- Refrain from (full body) cosmetic shaving

Infectious Skin Diseases

Means of reducing the potential exposure to these agents include:

- Notify guardian, athletic trainer and coach of any lesion before competition or practice. Athlete must have health-care provider evaluate lesion before returning to competition.
- If an outbreak occurs on a team, especially in a contact sport, consider evaluating other team members for potential spread of the infectious agent.
- Follow NFHS or state/local guidelines on “time until return to competition.” Allowance of participation with a covered lesion can occur if in accordance with NFHS, state or local guidelines and is no longer considered contagious.

Blood-Borne Infectious Diseases

Means of reducing the potential exposure to these agents include:

- An athlete who is bleeding, has an open wound, has any amount of blood on his/her uniform, or has blood on his/her person, shall be directed to leave the activity until the bleeding is stopped, the wound is covered, the uniform and/or body is appropriately cleaned, and/or the uniform is changed before returning to competition.
- Certified Athletic trainers or health care providers need to wear gloves and take other precautions to prevent blood-splash from contaminating themselves or others.
- Immediately wash contaminated skin or mucous membranes with soap and water.
- Clean all contaminated surfaces and equipment with disinfectant before returning to competition. Be sure to use gloves with cleaning.
- Any blood exposure or bites to the skin that break the surface must be reported and evaluated by a medical provider immediately.
- For more detailed information, refer to the "Infectious Disease" and “Skin Disorders” sections contained in the NFHS Sports Medicine Handbook. Revised 2011

- O. Tournament Director Reports – In advance of the tournament dates, each center school will be supplied, via the myIHSAA.net site, with adequate forms upon which to complete reports to the Association Office. Prompt and accurate reports are very important.

1. **Financial Report** - Two copies, return one completed copy to IHSAA within one week following the completion of each tourney. Retain one copy.
 - a. Expenditures - The Association desires that fair wages be paid for service rendered, but excessive payments will be checked. IHSAA auditors insist that the Association have on file supporting evidence for money paid out by center schools in connection with tourneys/meets. Therefore, it is requested that expenditures be itemized showing the amount of money paid and to whom it is paid. The standardized payroll form distributed by IHSAA should be used for workers, etc. It is not necessary to deduct withholding tax from the pay of officials or other incidental employees; however, you should be filing Treasury Department -- IRS 1099 forms (Statement for Receipts of Miscellaneous Income) for these individuals.
 - b. Attach a check for IHSAA share if there is a profit. If a deficit exists, the center school shall be reimbursed upon receipt of the financial report.
 - c. Competing schools are entitled to complete information regarding the receipts and expenditures of tourneys. Send a detailed report to the participating schools soon after the tourney.
- P. Hospitality Room – The provision of a hospitality room is the option of the center school. Expenses for hospitality rooms are not considered an authorized tournament expenditure.

Boys Tennis

Special Note: The IHSAA has adopted a specific protocol regarding the management of concussions in all sports where the National Federation of State High School Associations (NFHS) writes playing rules. This protocol may be found at the beginning of each IHSAA Bulletin.

Participation

In order for a student to qualify for participation in the IHSAA tournament series in an individual sport (cross country, golf, tennis, swimming & diving, track & field and wrestling) the student must have participated, during the preceding regular season in a minimum of 75% of the Season Contests in which the Student's school participated, and 25% of the maximum number of the authorized contests in that sport. This requirement can be waived provided the student can demonstrate that he did not participate in the minimum number of season contests because of illness, injury, ineligibility or because of circumstances beyond the control of the student, such as the cancellation of a contest(s) or the failure to qualify for a spot on the roster.

- Q. 1 May a professional coach give lessons on Sunday in the authorized practice or contest season to a student athlete(s) who is on a high school team coached by the professional?
- A. No. No coach of a team may give lessons to any member of the team on Sunday. (Rule 9-13) For example, a professional tennis coach who provides paid individual and group tennis lessons at the local tennis facility, and who is also a tennis coach of a member school's tennis team, may not give private lessons on Sunday in the IHSAA authorized practice or contest season to any member of that IHSAA member school's tennis team.
- Q. 2 May a high school coach give paid lessons to members of his team?
- A. No. The High school coaching staff members may not give paid private lessons to student-athletes who are a part of the school team that he/she coaches during the contest season.
- Q. 3 What is the maximum number of contests and regular season tournaments for schools and individual student-athletes?
- A. Schools are allowed flexibility in making the schedule as long as they meet the following guidelines:
1. The total number of contests plus the total number of rounds in each tournament shall not exceed 22; and
 2. No more than 5 regular season tournaments (each tournament round must be counted as a match).

DURING THE CONTEST SEASON

1. A player shall wear a shirt and shoes on the court. Only the name, nickname or insignia of school may appear on the shirt.
2. Season matches shall consist of 3 singles players and 2 doubles teams. Teams may play other combinations by obtaining prior mutual consent of competing schools.
3. No contestant shall be permitted to compete in both singles and doubles.
4. A contestant shall be permitted to compete at only one level per event.
5. Match play shall consist of 2 out of 3 sets (regulation match) with 12 point tie-breaker at 6-6 for both singles and doubles.
6. Written line-ups – shall be exchanged before actual play has started, thereafter, no substitutions.
7. Coaches shall enter players at the positions which their skill dictates. Under no circumstances shall a school stack its line-up. Skill ability shall be defined as the number one singles player shall be better than the number two singles player who shall be better than the number three singles player. The number one doubles team shall be better than the number two doubles team.
8. Scoring (singles and doubles) – 1 point shall be awarded to the winner of each match.
9. **Coaching – (NEW)** During the playing of a match in a team competition, a player may receive coaching outside the court area (through the fence) between points at the varsity, junior varsity and freshman levels so long as the instruction is brief and does not disrupt the flow of the match. The limit of 20-seconds between points still applies. Instruction should not be so frequent that the players are being micromanaged (i.e., a comment after nearly every point). The intent is not for the player and coach to meet at the fence for a discussion between points but instead for a coach to be able to pass along a quick word of advice. Coaching is limited to the head coach and one designated assistant coach. Coaches should deliver their brief instruction from near the player's court so as not to disrupt other nearby matches. Coaches are to remain OUTSIDE THE FENCE except for rare instances in a handful of multi-team invitational tournaments when it is impractical or not feasible to coach from outside the fence. In those rare cases coaches could be permitted ON THE COURT near the net posts. This rule applies to all matches including the tournament and is not up to the host school. When changing ends a maximum of one minute and thirty seconds shall elapse from the moment the ball goes out of play at the end of the game to the time the ball is struck for the first point of the next game. Players shall change ends after the odd-numbered game of each set, including the first game. Coaching is allowed during each one minute, thirty second change-over. During a tie-break, play shall be continuous,

and players shall change ends without a rest period. Coaching is permitted, outside the court area, during the 10-minute break between the 2nd and 3rd set or when play has been temporarily interrupted. Only coaches employed by the school are permitted to “coach” during the match at the designated time. A maximum of two coaches (the head coach and a designated assistant coach) may coach players during a team match. When varsity and junior varsity matches are contested simultaneously, one coach may cover the varsity and the other is responsible for the junior varsity or they may move together from one level to the other. However, should the matches be conducted at two different sites, a third (school approved) coach may be utilized.

10. During the 10-minute break between the 2nd and 3rd sets, players involved in the match are not permitted to “warm-up” on the court by hitting balls with a teammate or coach, or by practicing serves, or by working on-court with a coach in any manner. It is mandatory that the players leave the playing courts during this 10-minute break.
11. “Volunteer” coaches who are appointed by the principal (school approved) at the start of the season are considered to be a legitimate part of the coaching staff.
12. In case of an injury or sickness, substitutions will follow the IHSAA tournament format. This format cannot be used for more than two (2) consecutive matches or a one (1) day tournament. For any player removed because of disciplinary reasons, the line-up will be adjusted by moving players up a position if necessary. During the regular season, coaches have the option to use the IHSAA Tournament format for injuries or illness (for a limit of two dual matches or one one-day tournament), but are not required to use it. Coaches may choose instead to move players up. During the regular season, if a player misses a third time for the same injury, illness, then coaches must move other players up. If a player misses for disciplinary reasons during the regular season, the lineup must be adjusted by moving other players up instead of by substituting in the affected player’s position.
13. Exception for Late Arrival to a Contest:
When extenuating circumstances exist that cause the late arrival of a school team to the playing site, the match shall be played. When play begins in a match, there shall be no default for late arrival. This holds true for the tournament series. However, a late arriving team may not be afforded “extra” warm up and should make every effort to get started as soon as possible.
14. “Exhibition” competition is not allowed in any sport. Every competition must be reflected in the team score for that session.
 - a. In junior varsity and freshman competition only, teams may give as many players as possible a chance to compete in any given team match; however, all individual matches that are played must be counted in the team score.
 - b. A junior varsity or freshman player can play a maximum of two 8-game pro sets or three 6-game sets, or their equivalent during one team match. It is permissible for a player for Team A to compete in an 8-game pro set (in singles or doubles) against an opponent from Team B and then to compete in a second 8-game pro set (singles or doubles) against a different opponent from Team B. The results from both matches must be counted in the team score.
 - c. No player who competes in a varsity match is eligible to play in a junior varsity or freshman match.
 - d. All JV players are permitted to play more than once in a dual match as time and court space allows. The option to play more modified matches will allow more match play for young players on both teams, giving them a chance to gain experience. Decisions made in actual match play with the inherent associated pressures contribute to the development of future varsity level players. Even if both teams had the same or similar number of JV players, allowing some, or all of those JV boys or girls to play a second time (if court space and time allows) would be beneficial to development of players. Currently, a No. 1 singles JV player might only get to play one 8-game set and then be done for the night, even if courts are open, there’s plenty of daylight, and both teams have players sitting around eager to play more while other JV matches are being played.

15. Controlled Scrimmage

Teams are permitted to participate in one inter-school Controlled Scrimmage match to be held after 5 days of practice and at least 48 hours prior to each school’s first scheduled match. Each school is limited to one scrimmage. The use of junior varsity and freshmen players in the scrimmage is highly encouraged so long as they have been included in the practices prior to the scrimmage and their time is included as a part of the scrimmage time limit. The format of the controlled scrimmage can be found at www.ihsaa.org under Boys tennis.

TOURNAMENT SERIES

1. All Rounds with Two Matches Per Day
 - a. At any level of the IHSAA post-season tournament (sectional, regional, semi-state or state), any player who fails to finish a first match cannot return to the lineup for a second match that is played on the same day.

- b. If the student-athlete RETIRED from the first match due to personal injury or health emergency; to be allowed to return to play the second match:
 - (1) the personal injury or health emergency incurred in the first match shall be evaluated by an athletic trainer/doctor, and
 - (2) an official written release from the athletic trainer/doctor shall be presented to the tournament director indicating the player is physically able to return to competition before the player will be allowed to compete in the second match.
- c. If for some reason the second match is re-scheduled for the next available day, the ruling remains in effect.
- 2. During the tournament series, only the head coach and one (1) designated assistant coach will be permitted to coach at any one time. Each team is expected to identify the two coaches prior to the start of any match. No volunteer coaches or tennis professionals (unless they are school approved and designated as one of the two permitted coaches) are permitted to coach during a contest. The word 'coaching' includes advice or instruction.
- 3. The coach shall submit an Entry List that includes the seven (7) best tennis players in the line-up. Up to eight (8) alternates may be listed making for a maximum of fifteen (15) players to be included in the entry list. At no time shall an alternate be used to make the line-up a stronger one.
- 4. Singles & Doubles
 - a. To qualify to play in the No. 1 doubles position for the tennis doubles tournament series, both participants must have played in the No. 1 or No. 2 doubles position for a minimum of 50% of their team's total playing opportunities during the regular season (dual matches and season tournament matches).
 - (1) Any competition against players from another school, regardless of the scoring format, constitutes one match.
 - (2) Each round of a tournament counts as a separate match.
 - b. To advance in the singles/doubles tournament series, the No. 1 singles and No. 1 doubles players must remain undefeated and play every scheduled match. No substitutions.
 - c. During the singles and doubles tournament series, the head coach may (when facilities permit) sit on the court, but must follow coaching guidelines.
 - d. Tennis Waiver -- The IHSAA shall have the authority to grant a waiver to the 50% rule when, in the opinion of the IHSAA, the student's school provides satisfactory proof to the IHSAA that:
 - (1) the student missed compliance with the 50% rule by a minimal number of his or her team's season contest or matches;
 - (2) the student's failure to meet the 50% criteria was for clear, verifiable reasons, such as a debilitating injury or illness and;
 - (3) the student's failure to meet the 50% criteria was the result of reasons which were beyond the control of the student, the parents, the coach and the school.

The IHSAA will waive the 50% rule only in extraordinary and compelling cases and only when the request is submitted in writing to the IHSAA at least one week prior to the beginning date of the Team Tournament.

Sportsmanship

- 1. It is the responsibility of the high school coach to teach his/her players and fans the etiquette of the game of tennis.
- 2. Poor sportsmanship cannot be tolerated in the educational environment. Coaches are teachers first and therefore responsible and accountable for the behavior of their student-athletes. Encouraging and promoting good sportsmanship and fair play should be incorporated into the day-to-day coaching instruction.
- 3. A player may be warned for excessive celebration and unsportsmanlike displays. If the excessive behavior continues, the player may be penalized one point due to unsportsmanlike actions. If a third instance occurs, the player may be defaulted from the match.

Point Penalty System PPS

- 1. Code Violation – the three stages of discipline are Point, Game, Match. For example, on the first offense for a profanity violation or a racket throw, the player is penalized one point instead of given a warning.
- 2. The warning is no longer a part of the penalty. Host coaches should play to "warn" the tennis players prior to the match starting with a general statement about expected behavior and an overview of the penalty system.
- 3. The change in the Point Penalty System is a perfect match with the high expectations of behavior for the high school athletes as espoused by the IHSAA.
- 4. The use of the Lord's name in vain, in any variation and in any language, shall be considered unsporting behavior and shall be punished under the Point Penalty System. The use of "Jesus", "Christ", "Jesus Christ", "God" or any other variation of the Lord's name by a high school tennis player, even in a foreign language, shall be penalized through the

use of the PPS. It is the responsibility of the coach to set sportsmanship expectations for the student-athletes and to enforce penalties when those expectations are not met.

5. Electronic devices (cell phones and other communication equipment) may not be used by coaches and players during the course of the match. This includes changeovers and any break in the action.

VIII Substitutions

A. All Rounds with One Match Per Day

1. Substitutions may be made until actual play has started or between rounds.
2. Substitute/s may compete in either singles or doubles, not both. This starts anew at each level.
3. A player for whom a substitution has been made in rounds 1 and/or 2 may play in round 3.
4. If a player cannot complete a match for any reason, he shall default that match.
5. For any player removed for disciplinary reasons, the line-up will be adjusted by moving players up a position.
6. The substitute/s must play in the position of the player being replaced. Ex: No. 2 singles player becomes ill, substitute must play in No. 2 singles position.
7. At no time should a substitute be made that will make the team stronger than the original line-up.

B. All Rounds with Two Matches Per Day

1. At any level of the IHSAA post-season tournament, any player who fails to finish a first match cannot return to the lineup for a second match that is played on the same day.
2. If a student-athlete RETIRED from the first match due to personal injury or health emergency to be allowed to return to play the second match:

3. If for some reason the second match is rescheduled for the next available day, the ruling remains in effect.

IX Entries

A. Entry List

1. The Official IHSAA Entry List shall include the seven (7) highest skilled players in the appropriate playing positions, alternates, and assistant coaches. *NOTE: An addition to the IHSAA tournament entry list this year will be the listing of the school approved assistant coaches. Each school is to submit the names of its school approved assistant coaches on the entry list. Before any IHSAA tournament match, each school should identify which assistant coach from the entry list will be coaching with the head coach. Remember, only the head coach and ONE school approved assistant coach are permitted to coach in tournament play. That identified assistant coach must be on the entry list and approved by the school administration.*
2. Member schools entering the Boys Tennis tournament series shall submit their entries to the IHSAA electronically at www.myihxaa.net by using the Create/Update Boys Tennis Entry link. The entry is due no later than 5 p.m. **Thursday, September 26, 2019**, without penalty. *NOTE: The IHSAA tournament entry list will be completed much like you have done in the past. However, we have extended the time you have to finalize and submit the entry list to Thursday, September 26, 2019. After 5PM on September 26th those entries, and lineup, will be "locked in" and no other changes will be permitted. This means the entry list lineup provided will be the lineup you must play in the tournament (i.e. #1, #2, and #3 singles followed by #1 and #2 doubles and then alternates). Exception: if your lineup submitted on the entry list is deemed to be inappropriate by another member school (stacked lineup or a unique situation has occurred after the entry list deadline), the IHSAA should be notified immediately. Any changes to that lineup must be made by the IHSAA after the deadline. The "locked in" entry list lineups for each sectional will be distributed (via email link) to all the schools on **Friday, September 27, 2019**, prior to the IHSAA State Tournament Tennis Pairings Show and announcement on **Monday, September 30, 2019**. This adjustment to the entry list protocol should help all schools and the IHSAA know what lineup all schools will be using prior to tournament play.*
3. Each principal is responsible for checking the eligibility of entrants before permitting them to participate. See VII for substitutions.
4. Prior to officially submitting your Entry List to IHSAA, check for following:
 - a. Do not alphabetize entrants. Participants should be listed in proper playing positions.
 - b. Double check birthdates, number of semesters, number of credits.
 - c. List alternates.
 - d. List all school approved/certified assistant coaches

e. Coach should review Entry List and approve it prior to submission.

1. Within 24 hours after deadline: \$100.00
2. Over 24 hours: may not enter tournament

C. Changes Prior to Deadline

Schools retain the ability to change their entry list at any time prior to the deadline by re-entering www.myihkaa.net and modifying their entry as prescribed in the instructions.

D. Each principal is responsible for checking the eligibility of entrants before permitting them to participate.

E. A notification from the Association Office will acknowledge receipt and correctness of each entry list.

F. Athletic directors and coaches are urged to read and double check the entry list to be sure that:

1. all necessary information is provided
2. each contestant is entered properly.

G. Schools are requested not to complete an entry list unless they fully intend to enter a sectional tournament. If for any reason, after filing an entry list, it becomes necessary to withdraw, notify the IHSAA Office and center principal immediately. A school withdrawing from a tournament after the draw will suffer a penalty.

H. Entry lists shall be submitted electronically. It is strongly recommended this be done well in advance of the deadline date.

I. Changes in Entry List Between Tourney Levels

No changes can be made in the line-up of the first seven players listed. The coach can add or take away from the alternate list only.

1. Regionals – The sectional entry list will be used unless you instruct IHSAA Office otherwise via phone before 12:00 pm, Monday, October 7.

In an emergency, the executive staff may be reached by Cell phone: Cox 317-339-4452; Faulkens 317-667-4921; Neidig 317-771-3791; Kaufman 317-339-4455; Schludecker 317-617-1876; Walter 317-414-3078.

D. Negative Playing Conditions: Inclement Weather, Ground Conditions and Other Playing Conditions

1. The Tournament Director, in conjunction with the Contest Officials and administrators, are accountable for the safety of the players and spectators when Negative Playing Conditions, such as inclement weather conditions, poor ground, course, court, track or field conditions and other negative playing conditions, arise. In addition, because Tennis is a unique sport, requiring skills that can be drastically impacted by such Negative Playing Conditions, the Tournament Director, in conjunction with the Contest Officials (if used) and administrators, shall insure that the contest can be played in a manner which is not unreasonably impacted by the Negative Playing Conditions.
2. Prior to the start of the contest, the Tournament Director shall be responsible for judging whether the weather conditions, the conditions of the ground and field and other playing conditions which affect safety and manner of play, will permit the contest to be played safely and in a reasonable and appropriate manner. If the Tournament Director is confronted with these Negative Playing Conditions prior to the beginning of the contest, the Tournament Director is authorized to postpone the contest.
3. After the contest begins, and until the contest ends, Contest Officials (in conjunction with host administrator) have the initial authority to determine whether the contest can be played safely and in a manner which is not substantially impacted by the Negative Playing Conditions. When such conditions exist, the Contest Officials and the Tournament

Director must consult about the Negative Playing Conditions and shall seek a consensus with respect to any decision to suspend play. The Contest Official, however, has the ultimate authority during the contest to suspend play if the Negative Playing Conditions are such that the contest cannot be played safely and in a reasonable and appropriate manner.

Examples: Not to be considered an exhaustive list, the following are examples of Negative Playing Conditions which may cause the postponement of the contest or the suspension of play:

- a. Substantial inclement weather, such as a tornado sighting or warning, lightning (see, Guidelines for Lightning Safety; IHSAA Lightning Policy), dense fog, etc.
 - b. Unreasonably poor conditions, such as a court which is wet, temperature, etc.
 - c. Other unusual playing conditions exist, such as an earthquake, a threatening wildfire, a nearby chemical spill, a riot and other civil disobedience, etc.
4. Tournament contests which are postponed or suspended should be played or resumed on the next available date, including Friday. Suspended contests shall be resumed at the point of interruption. Every effort should be made not to cause a team(s) to play back-to-back contests on school nights. If scheduling two sessions on Saturdays, there should be at least a three-hour rest period between the sessions.

XIII Pairings

- A. Sectionals – The IHSAA conducts a blind drawing and will announce the pairings for all the sectionals in tennis. The announcement of the pairings for the sectional tournament will be at 7:00 p.m. on **Monday, September 30, 2019**, broadcasted on IHSAA TV.org. Additionally, those pairings will be posted on IHSAA.org following the broadcast. Any issues or concerns about a team's lineup should be addressed prior to the drawing on Monday. Any lineup issues should be directed to the IHSAA (Chris Kaufman) by 12:00 Noon on Monday, September 30, 2019. Coaches should be prepared to defend the legitimacy of their lineup with data from practice matches or season match results. No changes may be made to a lineup unless the playing order is deemed inappropriate by the IHSAA or there is a unique situation that has occurred after the Thursday, September 26th, 5 p.m. deadline, such as a subsequent season-ending injury to one of the participants or an unexpected school discipline situation.
- B. Regionals – See Pairings in Fall Bulletin.
- C. Semi-States – See Pairings in Fall Bulletin.
- D. State Finals – See Pairings in Fall Bulletin.

XIV Photographers

- A. Photographers may use electronic strobe cameras during the progress of a sporting event as long as, in the opinion of the contest officials, the flash does not hinder the actions of or endanger the contestants. The final decision as it relates to photography rests with the judgment of the contest official. School administrators have the authority to designate certain areas from which photographers may operate during a contest.
- B. Photographers desiring to take pictures shall make previous arrangements with the management of the tournament. The number of photographers and their locations shall be determined by the center school management.
- C. School photographers may be granted credentials.

XV Rules

Unless specifically provided in the IHSAA Bulletin and Tennis Coaches Guidebook (available on-line), the USTA rules shall govern all tournaments.

XVI Type of Ball

The official ball of the IHSAA Tennis Tournament Series is the Wilson US OPEN Extra-Duty ball. Wilson tennis balls shall be furnished by the IHSAA.

XVII Faculty Representative

Contestants must be accompanied by a coach or a faculty representative designated by the principal and such coach/representative must remain at the tournament until said school has completed competition.

XVIII Interrupted Matches

In case of inclement weather, play should be continued on the first fair day, excluding Sunday, thereafter. A disrupted or postponed match should be resumed at the point where it was discontinued. No matches should be replayed nor the schedule of games altered in any way. It is recommended that a student play no more than 2 matches per day.

XIX Scoring

One point shall be awarded for each singles win and 1 point shall be awarded for each doubles win. The team winning 3 or more of the possible 5 points shall be declared the winner and advanced to the next round of competition. A bye or default will be counted as a win.

- A. Singles – When the score becomes 6-6 in any set, the 12 point tie-breaker system will be used. The player who received 7 points is declared the winner 7-6. The procedure for using this system is: A serves first point from Right court; B serves points 2 and 3 (Left and Right); A serves points 4 and 5 (Left and Right); B serves point 6 (Left) and after they change ends,

point 7 (Right); A serves points 8 and 9 (Left and Right); B serves points 10 and 11 (Left and Right), and A serves point 12 (Left). If points reach 6-all, players change ends and continue as before. A serves point 13 (Right); B serves points 14 and 15 (Left and Right); etc., until 1 player establishes a margin of 2 points. Players change ends for 1 game to start the next set, with Player B to serve first.

B. Doubles – follows the same pattern, with partners preserving the sequence of their serving turns.

(Assuming A & B vs. C & D) Player A serves first point (Right); C serves points 2 and 3 (Left and Right); B serves points 4 and 5 (Left and Right); D serves point 6 (Left) and after teams change ends, point 7 (Right) ... A serves points 8 and 9 (Left and Right); C serves points 10 and 11 (Left and Right), and B serves point 12 (Left) ... If points reach 6-all, teams change ends and continue as before – B serves point 13 (Right); D serves points 14 and 15 (Left and Right); etc., until 1 team establishes a margin of 2 points. Teams change ends for 1 game to start the next set with team C & D to serve first.

If a ball change is due on the tiebreaker game, it will be made. A tiebreaker game counts as 1 game in reckoning time between ball changes.

XX Ties in Team Scoring

To break a 2-2 tie team score resulting from a default by both teams in 1 match use the following procedure to determine team winner.

A. Team winning most total team sets. If a tie still occurs go to 2 below.

B. Winner of total team games. If a tie still occurs go to 2 below.

C. The winner of No. 1 Singles.

No advertisements are permitted except for that which is permitted by the IHSAA as per corporate agreement with Indiana Farm Bureau Insurance, Inc

XXVI Publicity

The only way the media will know about the merits of a tournament is through the personal efforts of the director, etc., conducting the tournament. Telling the story is essential. Some suggestions are:

- A. Contact the local media (newspaper, radio, television) as soon as the assignments of schools are known. Report such items as:
 1. The pairings and the starting times of each session/match
 2. How the tourney will be conducted
 3. Top teams or individuals who will participate

- B. Make the student body of the school fully aware of the nature of the competition, either with the use of posters, the school newspaper, or personal contact with various influential students and student groups.
- C. Encourage the media to assign a photographer to cover the tournament.
- D. Notify the media of the results of the tournament as quickly as possible after its conclusion. At the least, this should be done prior to leaving the site at the end of session. For the purpose of allowing for statewide dissemination, tournament directors are encouraged to include the IHSAA office and the Indianapolis Star on the result list:

IHSAA: results@ihsaa.org
Indianapolis Star: hsresults@indystar.com
 Phone: 800-669-7827, Ext. 6644
 Phone: 317-444-6644

XXVII Reporting State Tournament Scores

A. At the conclusion of each tournament game, host sites are required to report the final score to the IHSAA via email or Twitter. Email scores to results@ihsaa.org or tweet them to @IHSAA1. Please report postponements and updated game times if necessary. Please do not fax!

B. If emailing, please list the host site in the subject line and the final score in the message (EX: Team A def. Team B, 25-21, 23-25, 25-22, 25-19).

C. Immediately at the close of the tourney, email entry list of Sectional winner to the assigned Regional center athletic director. Host schools do not need to submit a final tournament result form.

Participating Schools

All schools participating in the volleyball state tournament are required to set up an account on MaxPreps.com for their team. Each school will be required to report the final score by set (i.e., 25-21, 23-25, 25-22, 25-19) from each state tournament match to their MaxPreps.com account within 30 minutes of the completion of each contest. The IHSAA state tournament brackets are directly connected to each school's account and the winning team will automatically advance in the bracket based on the score reported.

XXX Tournament Director Reports

In advance of the tournament dates, each center school will be supplied with adequate forms upon which to complete reports to the Association Office. Prompt and accurate reports are very important.

- A. **Financial Report** - Return the financial report to IHSAA within 5 business days following the completion of each tourney.
 1. Expenditures - The Association desires that fair wages be paid for services rendered, but excessive payments will be checked. IHSAA auditors insist that the Association have on file supporting evidence for money paid out by center schools in connection with tourneys/meets. Therefore, it is requested that expenditures be itemized showing the amount of money paid and to whom it is paid. The standardized payroll form or facsimile distributed by IHSAA should be used for helpers, etc. It is not necessary to deduct withholding tax from the pay of officials or other incidental employees. However, you should be filing Treasury Department - IRS 1099 forms (Statement for Receipts of Miscellaneous Income) for these individuals.
 2. Attach a check for IHSAA share if there is a profit. If a deficit exists, the center school shall be reimbursed at a later date.
 3. Competing schools are entitled to complete information regarding the receipts and expenditures of tourneys. Send a detailed report to the participating schools soon after the tourney.

XXXII Warm-up Procedures

- A. Use of an auxiliary gymnasium/room for stretching, etc., upon the arrival of teams at the tournament site is encouraged where feasible. If an auxiliary gymnasium is available, net, balls, etc., may be used prior to the warm-up period on the main playing floor by both teams.
- B. The warm-up period will be a total of 15 minutes prior to each match and exclusive of match preliminaries conducted by officials, announcements, etc. The home team shall be designated as the second-named team in the bracket. The visiting team shall use the court the first 7½ minutes. The home team may warm up outside the court during this time. This procedure shall be reversed for the second 7½ minutes.
- C. Type of Tournament – All tourneys are conducted as a single elimination series.
