Board of Directors Election

The next regular election of the Board of Directors is scheduled for December 1-10, 2019 for the term beginning July 1, 2020. A ballot will be sent to the principal of each member school containing the name and school of each eligible candidate to be elected from their district. To be valid this ballot must be completed by the principal and received by the Commissioner between December 1 and 10 of this year.

Ballots will be examined by the Executive Committee and filed. Any candidate who has reason to question the tabulation may inspect those from his/her district. However, the part of the ballot containing the school and principal's name will be detached before the inspection. Any Committee Member who is a candidate does not participate in the tabulation of the vote in his/her own district.

The December, 2019 election will determine a representative from each of the districts designated below. See Article IV, Sections 1-3 of the By-Laws for details. Deadline for filing as a candidate is November 15, 2019.

Proposals for Board Action due by March 1

According to Article VI, Section 2 of the By-Laws, any proposal to be included on the agenda of the annual meeting of the IHSAA Board of Directors must be submitted to the IHSAA Office prior to March 1. This year's meeting will be Monday, April 30, 2018.

Are Your Athletes Eligible?

Be sure to check the following items that could jeopardize the eligibility of your athletes:

- Age
- Consent and Release Certificate on file prior to 1st practice
- Semesters of enrollment
- Scholarship – previous and present grading period/semester
- Athletic Transfer Form filed, if applicable
- Foreign Exchange Student Application Form filed, if applicable
- Number of practices prior to competition
- Season limitations – maximum number of contests, etc.

It is recommended that member school principals hold a meeting for all boys and girls in grades 9-12 who will be participating in athletics to discuss IHSAA rules, i.e. amateurism, scholarship, age, transfer, etc. Sportsmanship expectations of each athlete should also be discussed.

Christian Scientists Policy

The question is asked occasionally about IHSAA Consent and Release Form and its application to Christian Scientists. **IHSAA Rule 3, Sectional 10 is still in force** and requires a physical examination prior to student's first practice. Since there is no legal exemption to this examination, you are expected to comply with the rule even though special exemption request forms are presented by the student.

Attention Tourney Directors

Lifetime Passes have been distributed to current and former Board of Directors, IHSAA Office Staff and to former elected IHSAA Girls Advisory Committee members. Please notify your ticket personnel of our policy so that these passes will be honored for admittance.

Unsporting Behavior

In an effort to prevent the recurrence of unfortunate incidents in any varsity, reserve or freshman contest, the Association requires that unsporting reports be filed within 24 hours of the completed contest. The official will initiate the process. Member Schools will verify the information within the official's report and submit to the Association.

1. Licensed officials distributing the penalty shall initiate the Unsporting Report for:
 - a. Any contestant who displays unsporting behavior requiring the assessment of a penalty (unsporting or ejection).
 - b. Any coach who displays unsporting behavior requiring the assessment of a penalty (unsporting or ejection).
 - c. Any fan who displays behavior warranting elimination from the contest.
 - d. Any administrator who displays behavior warranting elimination from the contest.
2. Principal/Athletic Administrator
 - a. Verify the information contained within the report (correct coach, player, etc.).
 - b. If an ejection (Student or Adult) a link to www.nfhslearn.com will be included to the left of the report. Students are mandated per by-law 8-4 to complete the Sportsmanship Course (free). Adults are mandated per by-law 8-4 to complete the Teaching and Modeling Behavior course (paid course).
 - i. **Athlete ejections** – should the ENTIRE team complete the Sportsmanship course, the certificate of completion must be sent the IHSAA (specify school and sport). Member school will regain the 5 pts. lost due to the initial ejection.
 - c. Submit to the Association within 24 hours of receipt.

Baseball & Softball: Guidelines for the Home Team

When you are playing away from home you appreciate the accommodations available and the hospitality extended to you. Likewise, you want to reciprocate when you are the host. Following are some suggestions which may improve your relations with visiting teams:

1. Have the playing field well-groomed before the visitors arrive.
2. Have visitor's player-bench in readiness. Provide drinking water and inform them about restroom and dressing room facilities. If they use your showers, they would appreciate towel services.
3. Permit them to use the playing field as soon as they arrive, and have your practice completed by the time they arrive.
4. When your umpires arrive, supply them with the official lineup cards so that they may secure the official starting lineup from each coach. You may either design your own lineup cards, or secure them from the IHSAA.
5. Arrange for the official scorer in advance so that no delays will be encountered involving the securing of all lineups. Have your scoreboard properly labeled.
6. Start your game on time and assist in keeping the game moving.
7. Provide balls and a rosin bag. Have ball chasers well-informed of their duties.
8. Notify the umpires of the starting time of the game.
9. Have available a first aid kit, extra balls, extra anchor straps for bases, towels, official scoresheets, official lineup cards, rosin bag, implements for maintenance of grounds, etc.
10. Assure your visitors that you are at their service and will assist them in all ways.

2018-19 Athletic Accident Insurance

The Indiana High School Athletic Association has purchased a Catastrophic Accident Insurance Policy effective August 1, 2018 to July 31, 2019. The insurance policy is provided through Shepherd Insurance Agency whose offices are located in Carmel, Evansville and Seymour, Indiana. The insurer of the sponsored program is Nationwide Life Insurance Company. Nationwide Life Insurance Company is an A.M. Best "A+" rated carrier.

The following is a general summary of benefits provided by the 10-year Catastrophe Injury Insurance Program. It is not meant to be a complete explanation of all provisions of the policy. No coverage is extended and no representations are made, except by the policy and/or certificate. Copies of the policy are available from the office of the IHSAA.

Who is a Covered Participant?

All student athletes, student managers, student trainers, student cheerleaders, and students participating in any interscholastic competition in sports sanctioned by the IHSAA.

What is a Covered Event?

What are covered expenses?

Covered expenses mean the reasonable and customary charges for:

1. Medical treatment including, hospital/surgical care and services prescribed by a doctor
2. Nursing care provided by a licensed nurse, ambulance services
3. X-Rays and lab exams

General Exclusions and Limitations

This Policy does not cover any loss excluded by the policy. You must refer to the policy for exclusions.

1. intentional self-destruction or an attempt at it, or intentional self-inflicted injury while sane or insane
2. war or an act of war, declared or undeclared
3. air travel unless the insured is a passenger on a regularly scheduled flight of a properly licensed commercial airline
4. being intoxicated or under the influence of narcotics unless it is administered on the advice of a doctor
5. neither the injury, loss, or expense may result from sickness, disease or from any cause other than the accident
6. participation in a scheduled competitive event or meet by a person who is receiving benefits under the contract, unless he or she has a written statement from a doctor permitting such participation

****Please Note:**

It is not necessary to report every injury at your school, but a good rule to follow is that if you have an injury that requires any type of surgery, that injury needs to be reported. It will more than likely penetrate the \$25,000 deductible and the injured party would then qualify for benefits under the Catastrophic Accident Insurance Policy.

IHSAA Concussion Guidelines

“Any athlete suspected of having a concussion should be evaluated by an appropriate health care professional that day. Any athlete with a concussion should be medically cleared by an appropriate healthcare professional prior to resuming participation in any practice or competition.”

The language above appears in all National Federation sports rule books as part of the suggested guidelines for the management of concussion. It reflects a heightened emphasis on the safety of athletes suspected of having a concussion, especially since the vast majority of concussions do not involve a loss of consciousness. The State of Indiana has laws (Ind. Code 20-34-7) which mandate a protocol to be observed in the event there is an athletic head injury or concussion sustained by a high school student in a high school practice or game. The following guidelines provide the IHSAA’s suggested procedures to be followed when a student athlete in a contest or a practice in an IHSAA recognized sport sustains a head injury or concussion.

1. Any high school student athlete suspected of having sustained a concussion or a head injury in a high school practice or a high school contest:
 - (a) should be removed from play at the time of the concussion or head injury is sustained,
 - (b) should be evaluated by an appropriate health care professional immediately, and
 - (c) should not return to play in a practice or a game until the high school student athlete is cleared in writing to return to play by the health care professional who conducted an evaluation.
2. A high school student athlete should not return to play or practice any sooner than twenty-four (24) hours after the student is removed from play. After medical clearance by an appropriate health care professional, return to play should follow a step-wise protocol with provisions for the delay of the return to play based upon the return of any signs or symptoms.
3. The Official’s Role in Recognizing a Concussive Event:
 - (a.) If, during a contest, an official observes a player and suspects that the player has suffered a head concussion or head injury by exhibiting concussive signs (including appearing dazed, stunned, confused, disoriented, to have memory loss, or the athlete is either unconscious or apparently unconscious), the official should notify a coach that a player is apparently injured and advise that the player should be examined by an appropriate health care Professional.
 - (b.) If a concussion event occurred during a contest, and regardless of whether the student athlete returns to play or not, following the contest, an official’s report shall be filed with the school of the removed player, including the athletic director, by the Official that initially removed the student athlete from play; this report may be found on the IHSAA website at www.ihsaa.org.
4. For purposes of this Concussion Guideline, an appropriate health care professional is an Indiana medical doctor (MD) or doctor of osteopathic medicine (DO) who holds an unlimited license to practice medicine in the state of Indiana, and who has training in the evaluation and management of concussions and head injuries.

In cases where an assigned IHSAA tournament physician (MD/DO) is present, his or her decision regarding any potential concussion, or to forbid an athlete to return to competition, may not be overruled.

Baseball

Special Note: The IHSAA has adopted a specific protocol regarding the management of concussions in all sports where the National Federation of State High School Associations (NFHS) writes playing rules. This protocol may be found at the beginning of each IHSAA Bulletin.

Modifications/Adoptions

These regulations apply to regular season games and IHSAA sponsored tournaments unless stated otherwise.

- A. Official Rules – The current edition of National Federation Baseball Rules will be the official rules, except as modified by IHSAA.
- B. Radar Guns – The use of radar guns is permitted by schools.
- C. It is legal for a coach or player to use a camera, tablet or phone to record video during a game from the dugout for education purposes. At no time is video allowed to question an umpire's call or rule interpretation.
- D. Varsity Pitch Count Rule adopted for the 2016-17 Baseball Season to continue as the sole Pitch Count rule. No pitcher may throw more than 120 pitches in a varsity game in one day. Schools are mandated to use a pitch count chart – provided by the IHSAA – for each pitcher on the team.
- E. Conduct of Coaches and Players
 1. No coach, player or other person officially connected with the team shall be permitted to use tobacco in any manner on the bench or playing field either during practice or while a game is in progress.
 2. No coach or other school official shall, during the progress of a game, be allowed on the field of play except by permission of the game officials.
 3. Except for those coaches or eligible players who may be serving as coaches at first or third base and players legally in the 'next batter' boxes, all other coaches, managers, substitutes and players awaiting their turn at bat shall remain on the players' bench. Umpires will be instructed to enforce this rule to the limit.
 4. The head coach shall be the official spokesmen and the sole representatives of their team in all communications with the officials. Coaches will certify at the pregame meeting that all equipment is compliant.
 5. Abusive remarks to game officials by coaches or players shall be regarded as unsportsmanlike conduct. The offender or offenders shall be disqualified and restricted to dugout or removed from the bench and the playing field.
- F. Decisions of Umpires – The decisions of the umpires are final and binding.
- G. Ending a Game
 1. Season
 - a. A regulation season game consists of 7 innings unless extended because of a tie score or unless shortened during innings 5, 6 or 7 because the home team needs none of its half of the 7th inning or only a fraction of it; or because of weather, darkness or similar conditions. When and if the game is resumed, it must start over. During season play, there are no suspended games except for conference games. Conferences may adopt the tournament procedure for suspended games.
 - b. A Regulation Season Game Called With a Tie Score – shall be a tie game. Batting and fielding records are counted but the game is not counted in computing percentages of games won and lost.
 - c. 10 Run Rule – A season game shall end when, after 5 innings, a team is 10 or more runs behind and has completed its turn at bat. This rule may be waived by mutual agreement of the 2 head coaches prior to the start of the game or when extenuating circumstances exist to shorten a game.
 2. IHSAA Tournament Series
 - a. A regulation tournament game consists of 7 innings unless extended because of a tie score or unless shortened because the home team needs none of or only a fraction of its 7th inning or unless 1 team is leading 10 runs after 5 innings.
 - b. A Regulation Tournament Game Called With a Tie Score – is considered a suspended game.
 - c. A tournament game shall end when, after 5 innings, a team is 10 or more runs behind and has completed its turn at bat. (Exception: in state final championship game there will be no limitation.)
 - d. Suspended Tournament Games – when weather, darkness or similar conditions cause a game to be called before it is a regulation tournament game, it shall be considered a suspended game and shall be continued from point of suspension at a later date. Such IHSAA tournament series games must be rescheduled for the following playable date and should take precedence.

Baseball Tournament Hosts

I Aims

It is the sincere desire of the Executive Committee that state championship tournaments sponsored by the Association be among the most significant events of the entire school year. Each tournament should be a significant athletic event conducted in such a way as to foster desirable interschool relationships, promote good sportsmanship and fair play.

This manual has been prepared to serve as a guide to the center principal and/or tourney director at each tourney level and thereby provide for administrative consistency within the state.

Center principals and/or tourney directors are urged to read the contents of this manual carefully and begin now to make preparation for tournaments. Supplementary information will be included in the IHSAA Bulletin or special directives. Unanswered questions regarding the tourney should be referred to the Association Office.

Pre-Game Prayer on Public Address System – At all IHSAA tournament sites, the public address system is to be used for announcements approved by the IHSAA and those necessary for the administration of the tournament. There shall be no oral prayers delivered over the public address system, or initiated by the host school, at IHSAA tournament events. During the regular season, it is the prerogative of the host school to determine whether a prayer is delivered.

II Organizing Plans

Initially, devise a tournament timetable beginning with the selection of the tournament site and extending through to the filing of the final report. A chronological order of dates on which certain items must be completed such as interviews with news media and mailing of first letter to participating schools. Preparation of baseball diamond, dressing room assignments, helpers' directions, sale of tickets, playing schedule, etc. will aid significantly.

The timetable should be followed carefully. Leave nothing to be done at the actual tournament time which can be done in advance. The success of a tournament depends greatly upon detailed advance planning.

III Helpers

Avoid having too many things to handle personally. A good tournament director will have a contingent of dependable assigned help who will direct teams to dressing rooms, take tickets, operate scoreboard, usher people to proper seats, etc., thus freeing the director to review the proceedings as a general supervisor and to make decisions in emergencies which might arise.

An ample number of helpers are necessary for a well-run tournament. An organizational meeting of all helpers before the opening session is recommended. Printed instructions distributed at your organizational meeting will aid helpers in carrying out responsibilities. Provide each helper with an official badge, name tag, or visible identification.

IV Awards

The IHSAA provides all awards. No others shall be given. Designated awards are mailed directly to each center principal by our trophy supplier. If the awards have not been received one week prior to tournament, contact the Association Office. Display awards at the final session only to prevent theft or damage.

To assist in expediting the awards presentation immediately following the final session, see that spectators cooperate in keeping the field clear for players, coaches and photographers until the presentations are completed. It is suggested that the appropriate awards be presented to the captains and head coach of the runner-up and championship teams.

V Courtesies to Teams

Parking Space for Buses: Most of the visiting teams will travel by bus. Parking space as near as possible to the field should be provided.

Official Information: Be sure that all schools in the tournament are given adequate notice of the exact time when they are to play, location of dressing rooms, admittance of teams, warm-up procedure, parking, etc.

VI Draw

All team pairings and instructions regarding playing schedules are drawn in the Association Office. Pairings will be found on the IHSAA website which is www.ihsaa.org, according to the plan outlined in IHSAA Spring Bulletin. Pairings and order of games should not be altered except by approval of the Commissioner.

VII Entry Lists

All entry lists must remain in the possession of the center principal/tournament director at all times during the tourney. The official entry list shall constitute final evidence in all cases of dispute. File the entry lists of schools eliminated in the tourney.

XII Hints for the Public Address Announcer

The announcer is a key person and carries significant responsibility. What he/she says and the way he/she says it will influence the crowd. He/she may find it necessary to make special announcements in case of emergencies. The following items may assist the announcer:

- A. Be impartial!
- B. Use proper language at all times
- C. Be enthusiastic, but calm
- D. Be aware of the entire area so that calm directions can be given in an emergency. Serious situations can often be avoided if the announcer will caution the crowd against coming onto the field, throwing objects, etc.
- E. Permit no one except those in charge of the event to use the microphones. The announcer is responsible for whatever is said over the P.A.
- F. Do not criticize officials' decisions, directly or indirectly.
- G. Announce convenient routes for leaving the area and caution the crowd to drive carefully.

XIII Passes for Players and Coaches

30 Tickets for each competing school for players, managers, athletic trainer, administrators, etc.. These tickets are non-transferable. It is not necessary to issue passes for players and coaches prior to the opening session of the tournament. Coaches may be instructed to pick up passes at a designated area on the opening session of the tournament or at the time each team reports for the first time. If teams desire to continue in attendance after they are eliminated, they should be given complimentary admission; however, means should be adopted to guard against transfer of tickets or other abuses of the privilege.

XIV Team Benches

The only individuals permitted on the bench are the players, coaches, manager and trainer. Trainers not in uniform may be permitted on the bench.

XV Practice Sessions

Practices for visiting teams shall not be permitted at the center school prior to the opening day of any tournament.

XVI Publicity

The only way the media will know about the merits of a tournament is through the personal efforts of the director, etc. conducting the tournament. Telling the story is essential. Some suggestions are:

- A. Contact the local media (newspaper, radio, television) as soon as the assignments of schools are known. Report such items as:
 - 1. Where and when the tourney will be held.
 - 2. How the tourney will be conducted.
 - 3. Number of teams or participants.
 - 4. Top individuals or teams or participants.
- B. Make the student body of the school fully aware of the nature of the competition, either with the use of posters, the school paper, or personal contact with various influential students and student groups.
- C. Encourage the media to assign a photographer to the tourney.
- D. Notify the media of the results of the tournament as quickly as possible after its conclusion. At the least, this should be done prior to leaving the site at the end of session. For the purpose of allowing for statewide dissemination, tournament directors are encouraged to include the IHSAA office, the Associated Press and the Indianapolis Star on the result list.

XVII Scorebooks

To be provided by the center school.

XVIII Signs and Banners

The displaying of signs, banners or placards at tournament games is prohibited. Such devices obstruct the view of spectators, are unsightly, and in many instances may become extremely hazardous. Take the necessary steps to prevent these devices from being brought into the playing area.

XIX Sportsmanship and Conduct

Considerable effort should be made to promote good sportsmanship. Give the officials full cooperation in helping to eliminate any form of unsportsmanlike behavior. If there should be any spectators unwilling to accept the principals of good sportsmanship, see that these individuals are evicted. Report such incidents to IHSAA.

XX Team Photographs, Rosters, Etc.

Regionals - Teams advancing from regional tournaments will be requested to submit team photographs, rosters, etc. to the Association Office. Regional directors should be sure that all regional winners receive the appropriate forms to complete at the conclusion of the tourney.

XXI Tournament Director Reports

In advance of the tournament dates, each center school will be supplied with adequate forms upon which to complete reports to the Association Office. Prompt and accurate reports are very important.

- A. Financial Report - Return electronically, one completed copy to IHSAA within five business days following the completion of each tourney. Retain one copy.
1. Expenditures - The Association desires that fair wages be paid for service rendered, but excessive payments will be checked. IHSAA auditors insist that the Association have on file supporting evidence for money paid out by center schools in connection with tourneys/meets. Therefore, it is requested that expenditures be itemized showing the amount of money paid and to whom it is paid. The standardized payroll form or facsimile distributed by IHSAA should be used for helpers, etc. It is not necessary to deduct withholding tax from the pay of officials or other incidental employees. However, you should be filing Treasury Department -- IRS 1099 forms (Statement for Receipts of Miscellaneous Income) for these individuals.
 2. Attach a check for IHSAA share if there is a profit. If a deficit exists, the center school shall be reimbursed at a later date.
 3. Competing schools are entitled to complete information regarding the receipts and expenditures of tourneys. Send a detailed report to the participating schools soon after the tourney.
- B. Tourney Results
At each level of the state tournament, notify the media of the scores of the tournament at the end of each day. For the purpose of allowing for statewide dissemination, tournament directors should report scores to the Associated Press, the Indianapolis Star, and the IHSAA Office in the following order.

IHSAA. Following completion of the games each evening, host sites are required to e-mail the final score(s) to the IHSAA at results@ihsaa.org. Please e-mail that same address with any postponements and updated game times if necessary. Please do not fax.

(NEW - REVISED) During a round, one single-identifiable coach from each team may give advice to their players at any time on the course except when the player’s ball is on the putting green of the hole being played by said player. Once a player’s ball initially comes to rest on the putting green of the hole being played, the player’s designated single identifiable coach must cease giving advice to the player until the player’s ball is holed on the putting green of said hole. Coaches are not permitted on the putting green (exception - a rules question regarding the maintenance of the putting green). The penalty for a coach giving advice in violation of this rule would be a 2-stroke penalty per incident for the player. Additionally, when a player begins taking a stance and until he strokes the stroke is made, the coach or advice giver must not deliberately stand in a location on or close to an extension of the line of play behind the ball for any reason. This would also result in a 2-stroke penalty per incident. Rule 10 - Advice in the Rules of Golf is in effect for all levels of IHSAA tournament golf series giving each team the authority to appoint one coach that may give advice to members of that team. Coaches are outside influences at all times and therefore there is no penalty if their cart or themselves, are hit by a ball.

Spectators and non-participants may be permitted on the course during a tournament provided they do not have significant conversation with the participants and do not violate Rule 10 & 24.4 – Advice. No cart should have more than two (2) occupants. Violation of these policies will result in loss of privileges. Coaches of individual participants may rent a cart.

2. The center school shall provide and be responsible for tickets, ticket takers/sellers, ushers, announcers, scorers, timekeepers, all necessary equipment for conducting the game or contest, necessary facilities for the competing teams and those directly affiliated with the competing teams (such as the principal, athletic director, coaches, student managers, etc.), facilities for spectators/fans and crowd control (hereinafter known as local arrangements).

An ample number of helpers are very necessary for a well-run tournament. An organizational meeting of all helpers before the opening session is recommended. Printed instructions distributed at your organizational meeting will aid helpers in carrying out responsibilities. Provide each helper with an umpire badge, name tag, or visible identification.

8. The provision of a hospitality room area is the option of the center school. Expenses for Hospitality Room Areas are not considered an authorized expenditure (exception: state championships).
9. At all IHSAA tournament sites, the public address system is to be used for announcements approved by the IHSAA and those necessary for the administration of the tournament. There shall be no oral prayers delivered over the public address system, or initiated by the host school, at IHSAA tournament events. During the regular season, it is the prerogative of the host school to determine whether a prayer is delivered. The announcer is a key person and carries significant responsibility. What he/she says and the way he/she says it will influence the crowd. He/she may find it necessary to make special announcements in case of emergencies.
The following items may assist the announcer:
 - a. Be impartial.
 - b. Use proper language at all times.
 - c. Be enthusiastic but calm.
 - d. Be aware of the entire area so that calm directions can be given in an emergency. Serious situations can often be avoided if the announcer will caution the crowd against coming onto the field, throwing objects, etc.
 - e. Permit no one except those in charge of the event to use the microphones. The announcer is responsible for whatever is said over the P.A.
 - f. Do not criticize umpires' decisions, directly or indirectly.
10. To help insure the safest and most secure atmosphere for our IHSAA events, tournament management will diligently maintain established security procedures and activities. This will require complete cooperation by all competing teams, contest officials, and fans. Security will always have priority over convenience; therefore, all individuals are requested to promptly cooperate with event personnel in any manner.
11. The displaying of signs, banners or placards at tournament games is prohibited. Such devices obstruct the view of spectators, are unsightly, and in many instances may become extremely hazardous. Take the necessary steps to prevent these devices from being brought into the playing area.

12. Considerable effort should be made to promote good sportsmanship. Give the umpires the utmost cooperation in helping to eliminate any form of abuse. If there should be any spectators unwilling to accept the principles of good sportsmanship, see that these individuals are evicted. Report such incidents to IHSAA.
13. When confronted with an injunction or restraining order contrary to Executive Committee rules and/or Association By-Laws, the center school will immediately postpone the tournament and contact the Commissioner for further instructions.

B. Inclement Weather and Adverse Field Conditions

The Tournament Director, in conjunction with the Contest Officials and administrators, are accountable for the safety of the players and spectators when Negative Playing Conditions, such as inclement weather conditions, poor ground, course, court, track or field conditions and other negative playing conditions, arise. In addition, because softball is a unique sport, requiring skills that can be drastically impacted by such Negative Playing Conditions, the Tournament Director, in conjunction with the Contest Officials and administrators, shall insure that the contest can be played in a manner which is not unreasonably impacted by the Negative Playing Conditions.

1. Prior to the start of the contest, the Tournament Director shall be responsible for judging whether the weather conditions, the conditions of the ground and field and other playing conditions which affect safety and manner of play, will permit the contest to be played safely and in a reasonable and appropriate manner. If the Tournament Director is confronted with these Negative Playing Conditions prior to the beginning of the contest, the Tournament Director is authorized to postpone the contest.
2. After the contest begins, and until the contest ends, Contest Officials have the initial authority to determine whether the contest can be played safely and in a manner which is not substantially impacted by the Negative Playing Conditions. When such conditions exist, the Contest Officials and the Tournament Director must consult about the Negative Playing Conditions and shall seek a consensus with respect to any decision to suspend play. The Contest Official, however, has the ultimate authority during the contest to suspend play if the Negative Playing Conditions are such that the contest cannot be played safely and in a reasonable and appropriate manner.

Examples: Not to be considered an exhaustive list, the following are examples of Negative Playing Conditions which may cause the postponement of the contest or the suspension of play:

- a. Substantial inclement weather, such as a tornado sighting or warning, lightning (see, Guidelines for Lightning Safety; IHSAA Lightning Policy), dense fog, etc.
- b. Unreasonably poor ground conditions, such as a field which is excessively muddy or a field with standing water, etc.
- c. Other unusual playing conditions exist, such as an earthquake, a threatening wildfire, a nearby chemical spill, a riot and other civil disobedience, etc.
- d. Tournament contests which are postponed or suspended should be played or resumed on the next available date, including Friday. Suspended contests shall be resumed at the point of interruption. Every effort should be made not to cause a team(s) to play back-to-back contests on school nights. If scheduling two sessions on Saturdays, there should be at least a three-hour rest period between the sessions.

C. State Finals –

The Executive Committee has designated Assistant Commissioner Kerrie Schludecker as Tournament Manager.

Participation

In order for a student to qualify for participation in the IHSAA tournament series in an individual sport (cross country, golf, tennis, swimming & diving, track & field and wrestling) the student must have participated, during the preceding regular season in a minimum of 75% of the Season Contests in which the Student's school participated, and 25% of the maximum number of the authorized contests in that sport. - Q. 1 May a professional coach give lessons on Sunday in the authorized practice or contest season to a student athlete(s) who is on a high school team coached by the professional?
- A. No. No coach of a team may give lessons to any member of the team on Sunday. (Rule 9-13) For example, a professional tennis coach who provides paid individual and group tennis lessons at the local tennis facility, and who is also a tennis coach of a member school's tennis team, may not give private lessons on Sunday in the IHSAA authorized practice or contest season to any member of the IHSAA member school's tennis team.
- Q. 2 May a high school coach give paid lessons to members of his team?
- A. No. The High school coaching staff members may not give paid private lessons to student-athletes who are a part of the school team that he/she coaches during the contest season.
- Q. 3 What is the maximum number of contests and regular season tournaments for schools and individual student-athletes?
- A. Schools are allowed flexibility in making the schedule as long as they meet the following guidelines:
1. The total number of contests plus the total number of rounds in each tournament shall not exceed 22; and
 2. No more than 5 regular season tournaments (each tournament round must be counted as a match).

DURING THE CONTEST SEASON

1. Dress shall identify with the sport of tennis and/or the school. Shoes are required. Young ladies' uniforms shall be such that allows for adequate coverage of the midsection of the body during play.
2. Season matches shall consist of 3 singles players and 2 doubles teams. Teams may play other combinations by obtaining prior mutual consent of competing schools.
3. No contestant shall be permitted to compete in both singles and doubles.
4. A contestant shall be permitted to compete at only one level per event.
5. Match play shall consist of 2 out of 3 sets (regulation match) with 12 point tie-breaker at 6-6 for both singles and doubles.
6. Written line-ups – shall be exchanged before actual play has started, thereafter, no substitutions.

Skill ability shall be defined as the number one singles player shall be better than the number two singles player who shall be better than the number three singles player. The number one doubles team shall be better than the number two doubles team.
8. Scoring (singles and doubles) – 1 point shall be awarded to the winner of each match.
9. **Coaching – (NEW)** During the playing of a match in a team competition, a player may receive coaching outside the court area (through the fence) between points at the varsity, junior varsity and freshman levels so long as the instruction is brief and does not disrupt the flow of the match. The limit of 20-seconds between points still applies. When changing ends a maximum of one minute and thirty seconds shall elapse from the moment the ball goes out of play at the end of the game to the time the ball is struck for the first point of the next game. Players shall change ends after the odd-numbered game of each set, including the first game. Coaching is allowed during each one minute, thirty second change-over. During a tie-break, play shall be continuous, and players shall change ends without a rest period. Coaching is permitted, outside the court area, during the 10-minute break between the 2nd and 3rd set or when play has been temporarily interrupted. Only coaches employed by the school are permitted to “coach” during the match at the designated time. A maximum of two coaches (the head coach and a designated assistant coach) may coach players during a team match. When varsity and junior varsity matches are contested simultaneously, one coach may cover the varsity and the other is responsible for the junior varsity or they may move together from one level to the other. However, should the matches be conducted at two different sites, a third (school approved) coach may be utilized.

10. During the 10-minute break between the 2nd and 3rd sets, players involved in the match are not permitted to “warm-up” on the court by hitting balls with a teammate or coach, or by practicing serves, or by working on-court with a coach in any manner. It is mandatory that the players leave the playing courts during this 10-minute break.
11. "Volunteer" coaches who are appointed by the principal (school approved) at the start of the season are considered to be a legitimate part of the coaching staff.
12. In case of an injury or sickness, substitutions will follow the IHSAA tournament format. This format cannot be used for more than two (2) consecutive matches or a one (1) day tournament. For any player removed because of disciplinary reasons, the line-up will be adjusted by moving players up a position if necessary. During the regular season, coaches have the option to use the IHSAA Tournament format for injuries or illness (for a limit of two dual matches or one one-day tournament), but are not required to use it. Coaches may choose instead to move players up. During the regular season, if a player misses a third time for the same injury, illness, then coaches must move other players up. If a player misses for disciplinary reasons during the regular season, the lineup must be adjusted by moving other players up instead of by substituting in the affected player’s position.
13. Exception for Late Arrival to a Contest:
When extenuating circumstances exist that result in the late arrival of a school team to the playing site, the match shall be played. When play begins in a match, there shall be no default for late arrival. This holds true for the tournament series.
14. “Exhibition” competition is not allowed in any sport. Every competition must be reflected in the team score for that session.
 - a. In junior varsity and freshman competition only, teams may give as many players as possible a chance to compete in any given team match; however, all individual matches that are played must be counted in the team score.
 - b. A junior varsity or freshman player can play a maximum of two 8-game pro sets or three 6-game sets, or their equivalent during one team match. It is permissible for a player for Team A to compete in an 8-game pro set (in singles or doubles) against an opponent from Team B and then to compete in a second 8-game pro set (singles or doubles) against a different opponent from Team B. The results from both matches must be counted in the team score.
 - c. No player who competes in a varsity match is eligible to play in a junior varsity or freshman match.
 - d. No junior varsity player is allowed to participate in a second 8-game pro set unless the second set is against an opponent that would not otherwise have an opportunity to play.
15. Controlled Scrimmage
Teams are permitted to participate in one inter-school Controlled Scrimmage match to be held after 5 days of practice and at least 48 hours prior to each school’s first scheduled match. Each school is limited to one scrimmage. The use of junior varsity and freshmen players in the scrimmage is highly encouraged so long as they have been included in the practices prior to the scrimmage and their time is included as a part of the scrimmage time limit. The format of the controlled scrimmage can be found at www.ihsaa.org under Girls tennis.

TOURNAMENT SERIES

1. All Rounds with Two Matches per Day

 - c. If for some reason the second match is re-scheduled for the next available day, the ruling remains in effect.

This excludes volunteer coaches or tennis professionals (unless they are employed by the school system as the coach). The word ‘coaching’ includes advice or instruction.
3. The coach shall submit an Entry List that includes the seven (7) best tennis players in the line-up. Up to eight (8) alternates may be listed making for a maximum of fifteen (15) players to be included in the entry list. At no time shall an alternate be used to make the line-up a stronger one.
4. Singles & Doubles

- a. To qualify to play in the No. 1 doubles position for the tennis doubles tournament series, both participants must have played in the No. 1 or No. 2 doubles position for a minimum of 50% of their team's total playing opportunities during the regular season (dual matches and season tournament matches).
 - (1) Any competition against players from another school, regardless of the scoring format, constitutes one match.
 - (2) Each round of a tournament counts as a separate match.
- b. To advance in the singles/doubles tournament series, the No. 1 singles and No. 1 doubles players must remain undefeated and play every scheduled match. No substitutions.
- c. During the singles and doubles tournament series, the head coach may (when facilities permit) sit on the court, but must follow coaching guidelines.
- d. Tennis Waiver -- The IHSAA shall have the authority to grant a waiver to the 50% rule when, in the opinion of the IHSAA, the student's school provides satisfactory proof to the IHSAA that:
 - (1) the student missed compliance with the 50% rule by a minimal number of his or her team's season contest or matches;
 - (2) the student's failure to meet the 50% criteria was for clear, verifiable reasons, such as a debilitating injury or illness and;
 - (3) the student's failure to meet the 50% criteria was the result of reasons which were beyond the control of the student, the parents, the coach and the school.

The IHSAA will waive the 50% rule only in extraordinary and compelling cases and only when the request is submitted in writing to the IHSAA at least one week prior to the beginning date of the Team Tournament.

SPORTSMANSHIP

1. It is the responsibility of the high school coach to teach his/her players and fans the etiquette of the game of tennis.
2. Poor sportsmanship cannot be tolerated in the educational environment. Coaches are teachers first and therefore responsible and accountable for the behavior of their student-athletes. Encouraging and promoting good sportsmanship and fair play should be incorporated into the day-to-day coaching instruction.
3. A player may be warned for excessive celebration and unsportsmanlike displays. If the excessive behavior continues, the player may be penalized one point due to unsportsmanlike actions. If a third instance occurs, the player may be defaulted from the match.

POINT PENALTY SYSTEM (PPS)

1. Code Violation – the three stages of discipline are Point, Game, Match. For example, on the first offense for a profanity violation or a racket throw, the player is penalized one point instead of given a warning.
2. The warning is no longer a part of the point penalty system. Host coaches should plan to “warn” the tennis players prior to the match starting with a general statement about expected behavior and an overview of the penalty system.
3. The change in the Point Penalty System is a perfect match with the high expectations of behavior for the high school athletes as espoused by the IHSAA.
4. The use of the Lord's name in vain, in any variation and in any language, shall be considered unsporting behavior and shall be punished under the Point Penalty System. The use of "Jesus", "Christ", "Jesus Christ", "God" or any other variation of the Lord's name by a high school tennis player, even in a foreign language, shall be penalized through the use of the PPS. It is the responsibility of the coach to set sportsmanship expectations for the student-athletes and to enforce penalties when those expectations are not met.
5. Electronic devices (cell phones and other communication equipment) may not be used by coaches and players during the course of the match. This includes changeovers and any break in the action.

4	Nos. 1, 2	Nos. 1, 2
5	Nos. 1, 2, 3	No. 1

Coaches must enter their players at the positions which their skill dictates. Juggling or shuffling positions to gain an advantage is unethical. Under no circumstances shall a school shuffle its line-up. The line-up shall not be changed after the tournament draw.

Semi-States – Member of the 1st place regional teams shall advance to designated semi-states.

VIII Substitutions

A. All Rounds with One Match Per Day

1. Substitutions may be made until actual play has started or between rounds.
2. Substitute/s may compete in either singles or doubles, not both. This starts anew at each level.
3. A player for whom a substitution has been made in rounds 1 and/or 2 may play in round 3.
4. If a player cannot complete a match for any reason, he shall default that match.
5. For any player removed for disciplinary reasons, the line-up will be adjusted by moving players up a position.
6. The substitute/s must play in the position of the player being replaced. Ex: No. 2 singles player becomes ill, the substitute must play in No. 2 singles position.
7. At no time should a substitute be made that will make the team stronger than the original line-up.

B. All Rounds with Two Matches Per Day

1. At any level of the IHSAA post-season tournament, any player who fails to finish a first match cannot return to the lineup for a second match that is played on the same day.
2. If a student-athlete RETIRED from the first match due to personal injury or health emergency to be allowed to return to play the second match:
 - a. the personal injury or health emergency incurred in the first match shall be evaluated by an athletic trainer/doctor, and
 - b. an official written release from the athletic trainer/doctor shall be presented to the tournament director indicating the player is physically able to return to competition before the player will be allowed to compete in the second match.
3. If for some reason the second match is rescheduled for the next available day, the ruling remains in effect.

IX Entries

A. Entry List

1. The Official IHSAA Entry List shall include the seven (7) highest skilled players in the appropriate playing positions, alternates, and assistant coaches. *NOTE: An addition to the IHSAA tournament entry list will be the listing of the school approved assistant coaches. Each school is to submit the names of its school approved assistant coaches on the entry list. Before any IHSAA tournament match, each school should identify which assistant coach from the entry list will be coaching with the head coach. Remember, only the head coach and ONE school approved assistant coach are permitted to coach in tournament play. That identified assistant coach must be on the entry list and approved by the school administration.*
2. Member schools entering the Girls Tennis tournament series shall submit their entries to the IHSAA electronically at www.myihcaa.net on member dashboard under seasonal tasks. **The entry is due no later than 4 p.m. Thursday, May 9, 2019, without penalty.** Specific instructions on entry procedures may be found on the G-TEN tab at the link entitled Tournament Entry Instructions. *NOTE: The IHSAA tournament entry list will be completed much like you have done in the past. However, we have extended the time you have to finalize and submit the entry list to Thursday, May 9th, 2019. After 4PM on May 10th those entries, and lineup, will be "locked in" and no other changes will be permitted. This means the entry list lineup provided will be the lineup you must play in the tournament (i.e. #1, #2, and #3 singles followed by #1 and #2 doubles and then alternates). Exception: if your lineup submitted on the entry list is deemed to be inappropriate at your sectional draw meeting by the other participating schools (stacked lineup or a unique situation has occurred after the entry list deadline), the host sectional school will alert the IHSAA with the changes if they are deemed needed. The "locked in" entry list lineups for each sectional will be distributed (via email) to all the schools in that particular sectional on **Friday, May 10, 2019**, prior to the host school draw/pairings on **Monday, May 13, 2019**. This adjustment to the entry list protocol should help all schools and the IHSAA know what lineup all schools will be using prior to tournament play.*
3. Each principal is responsible for checking the eligibility of entrants before permitting them to participate. See VII for substitutions.
4. Prior to submitting the Entry List to IHSAA, check for following:
 - a. Do not alphabetize entrants. Participants should be listed in proper/appropriate playing positions.
 - b. Double check birthdates, number of semesters, number of credits.
 - c. List alternates.
 - d. List all school approved/certified assistant coaches

e. Coach should review Entry List and approve it prior to submission.

1. Within 24 hours after deadline: \$50.00
2. Within 48 hours after deadline: \$100.00
3. Over 48 hours: may not enter tournament

C. Changes Prior to the Entry List Deadline

Schools retain the ability to change their entry list at any time prior to the deadline by re-entering www.myih saa.net and modifying their entry as prescribed in the instructions.

D. Each principal is responsible for checking the eligibility of entrants before permitting them to participate.

E. A notification from the Association Office will acknowledge receipt and correctness of each entry list.

F. Athletic directors and coaches are urged to read and double check the entry list to be sure that:

1. all necessary information is provided
2. each contestant is entered properly.

G. Schools are requested not to complete an entry list unless they fully intend to enter a sectional tournament. If for any reason, after filing an entry list, it becomes necessary to withdraw, notify the IHSAA Office and center principal immediately. A school withdrawing from a tournament after the draw will suffer a penalty.

H. Entry lists shall be submitted electronically. It is strongly recommended this be done well in advance of the deadline date. Do not mail the original unless requested to do so by the IHSAA.

I. Changes in Entry List Between Tourney Levels

No changes can be made in the line-up of the first seven players listed. The coach can add or take away from the alternate list only.

1. Regionals – The sectional entry list will be used unless you instruct IHSAA Office otherwise via phone before 10 a.m. Tuesday, May 21, 2019.

XII Management

- A. Sectionals, Regionals, Semi-States
1. Sponsorship, operation and management of the tournament rests solely with the IHSAA through the Executive Committee. Total responsibility for the local arrangements has been delegated to the center school. If a dispute, claim or cause of action should arise out of the contest or tournament which was not the result of any intentional or negligent act or omission of the center school or its local arrangements, and provided further that the center school has acted in accordance with the Rules and Regulations of the IHSAA, then the IHSAA agrees to assist the center school defend such dispute, claim or cause of action by providing legal advice, legal representation, and defending the center school; the responsibility of the IHSAA herein shall not attach until the center school formally places the IHSAA on notice of the dispute, claim or cause of action, and makes demand upon the IHSAA for legal advice, representation, of a defense.
 2. The center school shall provide and be responsible for all necessary equipment for conducting the game or contest, necessary facilities for the competing teams and those directly affiliated with the competing teams (such as the principal, athletic director, coaches, student managers, etc.), facilities for spectators/fans and crowd control (hereinafter known as the local arrangements). The use of a USTA official must be approved by the IHSAA Assistant Commissioner responsible for Tennis.
 3. When confronted with an injunction or restraining order contrary to Executive Committee rules and/or Association By-Laws, the center school will immediately postpone the tournament and contact the Commissioner for further instructions.
- B. State
- The Executive Committee has designated Assistant Commissioner Chris Kaufman as Tournament Administrator; Paul Loggan, Athletic Director at North Central High School (Indianapolis) as Tournament Manager and Lynda Hinshaw as the USTA Rules Director.
- C. Emergency Contacts
- In an emergency, the executive staff may be reached by Mobile phone: Cox 317/339-4452; Faulkens 317-667-4921; Neidig 317/771-3791; Kaufman 317/339-4455; Schludecker 317/617-1876; Walter 317/414-3078.
- D. Negative Playing Conditions: Inclement Weather, Ground Conditions and Other Playing Conditions

The Tournament Director, in conjunction with the Contest Officials and administrators, are accountable for the safety of the players and spectators when Negative Playing Conditions, such as inclement weather conditions, poor ground, course, court, track or field conditions and other negative playing conditions, arise. In addition, because Tennis is a unique sport, requiring skills that can be drastically impacted by such Negative Playing Conditions, the Tournament Director, in conjunction with the Contest Officials (if used) and administrators, shall insure that the contest can be played in a manner which is not unreasonably impacted by the Negative Playing Conditions.
 2. Prior to the start of the contest, the Tournament Director shall be responsible for judging whether the weather conditions, the conditions of the ground and field and other playing conditions which affect safety and manner of play, will permit the contest to be played safely and in a reasonable and appropriate manner. If the Tournament Director is

confronted with these Negative Playing Conditions prior to the beginning of the contest, the Tournament Director is authorized to postpone the contest.

3. After the contest begins, and until the contest ends, Contest Officials have the initial authority to determine whether the contest can be played safely and in a manner which is not substantially impacted by the Negative Playing Conditions. When such conditions exist, the Contest Officials and the Tournament Director must consult about the Negative Playing Conditions and shall seek a consensus with respect to any decision to suspend play. The Contest Official, however, has the ultimate authority during the contest to suspend play if the Negative Playing Conditions are such that the contest cannot be played safely and in a reasonable and appropriate manner.

Examples: Not to be considered an exhaustive list, the following are examples of Negative Playing Conditions which may cause the postponement of the contest or the suspension of play:

- a. Substantial inclement weather, such as a tornado sighting or warning, lightning (see, Guidelines for Lightning Safety; IHSAA Lightning Policy), dense fog, etc.
 - b. Unreasonably poor conditions, such as a court which is wet, etc.
 - c. Other unusual playing conditions exist, such as an earthquake, a threatening wildfire, a nearby chemical spill, a riot and other civil disobedience, etc.
4. Tournament contests which are postponed or suspended should be played or resumed on the next available date, including Friday. Suspended contests shall be resumed at the point of interruption. Every effort should be made not to cause a team(s) to play back-to-back contests on school nights. If scheduling two sessions on Saturdays, there should be at least a three-hour rest period between the sessions.

XIII News Media

A. Print, Electronic Media, Photographers

1. Sectionals, Regionals, Semi-States – For all sectional, regional and semi-state level Tournaments, a request for media credentials must be received by the host school athletic director at least five days in advance of the event. The individual schools will issue credentials for the sectional, regional and semi-state levels, not the IHSAA. It is to the discretion of the host school as to the number of media credentials allotted per Tournament event. Host schools have the right to deny or revoke media credential requests.
 - a. The number of photographers and their locations shall be determined by the center principal.
2. State Finals – For all state finals events, credentials are supplied by the IHSAA and must be requested through the IHSAA office. A state finals credential request must be e-mailed from a recognized business account to Mr. Jason Wille, Sports Information Director (E-mail: jwille@ihsaa.org). E-mail requests must originate from a recognized business account; emails from personal accounts (i.e.: yahoo.com, aol.com, gmail.com, etc.) will not be accepted. Requests must include the name/s of the individual/s to be credentialed. State finals credentials will not be mailed. They may be claimed at each venue’s “media will call” the day of the event. Please see the corresponding IHSAA media release for the specific event at www.ihsaa.org for further details and media services.
 - a. The number of photographers and their locations shall be determined by the center principal.

XIV Pairings

- A. Sectionals – (**NEW**) In previous years, each of the sectional pairings were determined by draw at a meeting held at each sectional host school. New this year (2017-18), the IHSAA will conduct a blind drawing and announce the pairings for all the sectionals in tennis. The announcement of the pairings for the sectional tournament will be at 7:00 p.m. on **Monday, May 13, 2019**, broadcasted on IHSAA TV.org. Additionally, those pairings will be posted on IHSAA.org following the broadcast. Any issues or concerns about a team's lineup should be addressed prior to the drawing on Monday. Any lineup issues should be directed to the IHSAA (Chris Kaufman) by 12:00 Noon on Monday, May 13, 2019. Coaches should be prepared to defend the legitimacy of their lineup with data from practice matches or season match results. No changes may be made to a lineup unless the order is deemed inappropriate by the IHSAA or there is a unique situation that has occurred after the Thursday 4 p.m. deadline, such as a subsequent season-ending injury to one of the participants or an unexpected school discipline situation.
- B. Regionals – See Pairings in Spring Bulletin.
- C. Semi-States – See Pairings in Spring Bulletin.
- D. State Finals – See Pairings in Spring Bulletin.

XV Photographers

- A. Photographers may use electronic strobe cameras during the progress of a sporting event as long as, in the opinion of the contest officials, the flash does not hinder the actions of or endanger the contestants. The final decision as it relates to photography rests with the judgment of the contest official. School administrators have the authority to designate certain areas from which photographers may operate during a contest.
- B. Photographers desiring to take pictures shall make previous arrangements with the management of the tournament. The number of photographers and their locations shall be determined by the center school management.

C. School photographers may be granted credentials.

XVI Rules

Unless specifically provided in the IHSAA Bulletin and 2018-19 Tennis Coaches Guidebook (available on-line), the USTA rules shall govern all tournaments.

XVII Type of Ball

The official ball of the IHSAA Tennis Tournament Series is the Wilson US OPEN Extra-Duty ball. Wilson tennis balls shall be furnished by the IHSAA.

XVIII Faculty Representative

Contestants must be accompanied by a coach or a faculty representative designated by the principal and such coach/representative must remain at the tournament until said school has completed competition.

XIX Interrupted Matches

In case of inclement weather, play should be continued on the first fair day, excluding Sunday, thereafter. A disrupted or postponed match should be resumed at the point where it was discontinued. No matches should be replayed nor the schedule of games altered in any way. It is recommended that a student play no more than 2 matches per day.

XX Scoring

One point shall be awarded for each singles win and 1 point shall be awarded for each doubles win. The team winning 3 or more of the possible 5 points shall be declared the winner and advanced to the next round of competition. A bye or default will be counted as a win.

A. Singles – When the score becomes 6-6 in any set, the 12 point tie-breaker system will be used. The player who received 7 points is declared the winner 7-6. The procedure for using this system is: A serves first point from Right court; B serves points 2 and 3 (Left and Right); A serves points 4 and 5 (Left and Right); B serves point 6 (Left) and after they change ends, point 7 (Right); A serves points 8 and 9 (Left and Right); B serves points 10 and 11 (Left and Right), and A serves point 12 (Left). If points reach 6-all, players change ends and continue as before. A serves point 13 (Right); B serves points 14 and 15 (Left and Right); etc., until 1 player establishes a margin of 2 points. Players change ends for 1 game to start the next set, with Player B to serve first.

B. Doubles – follows the same pattern, with partners preserving the sequence of their serving turns. (Assuming A & B vs. C & D) Player A serves first point (Right); C serves points 2 and 3 (Left and Right); B serves points 4 and 5 (Left and Right); D serves point 6 (Left) and after teams change ends, point 7 (Right) ... A serves points 8 and 9 (Left and Right); C serves points 10 and 11 (Left and Right), and B serves point 12 (Left) ... If points reach 6-all, teams change ends and continue as before – B serves point 13 (Right); D serves points 14 and 15 (Left and Right); etc., until 1 team establishes a margin of 2 points. Teams change ends for 1 game to start the next set with team C & D to serve first.

If a ball change is due on the tiebreaker game, it will be made. A tiebreaker game counts as 1 game in reckoning time between ball changes.

XXI Ties in Team Scoring

A. Yes.
- Q.3 What is the maximum number of events an athlete may enter on the sectional entry list?
A. 2
- Q.4 What if an athlete is left off the sectional entry list and this is discovered after the seeds are posted for participating schools?
A. In the event someone has been left off the sectional entry list or entered incorrectly, a change can be made by contacting an Assistant Commissioner (Paul Neidig) for approval. The \$200 fine for the change must be paid prior to the sectional. If an IHSAA representative cannot be reached, the tournament director may make the change pending IHSAA approval and payment of the \$200 fine.

- Q.7 Can a student be entered as both a Student-Athlete and a Student-Partner on the sectional same entry list?
A. No. But a student who qualifies as a Student-Athlete may be listed as a Student-Partner at the discretion of the school (e.g., a student on a diploma track and qualifies as a Student-Athlete may be listed as either a Student-Athlete or a Student-Partner on the entry list, but not both).
- Q.8 Is a student with a physical disability, but not an intellectual disability considered a Student-Athlete or a Student-Partner?
A. Student-Partner
- Q.9 Based on what criteria is a student designated as a Student-Athlete or a Student-Partner?

Modifications/Adoptions

I. Administration of Unified Track & Field

- A. Team
1. In each event a school enters, there must be entered an equal number of Student-Athletes and Student-Partners.
 2. Teams will be coed with no limitation on the number of Boys or Girls in an event or on a team, except for the Boys and Girls relays which are gender specific.
 3. If a school has a mixed gender relay team the team shall be entered in the Boys relay event.
 4. Teams may use assistants for Student-Athletes. Assistants are Student-Partners who meet all eligibility requirements of Student-Partners.
 - a. Assistants are not competitors in the event, serving only as helpers to their Student-Athlete teammate.
 - b. Assistants may be competitors in other events, but not in the event in which they are serving as an assistant.
 - c. Serving as an assistant does not count towards an individual's 2 event limit.
 - d. Assistants are non-scoring participants.
 - e. Assistants may be used for Student-Athletes in all events, including field events, if the assistant does not create an unfair advantage as determined by the meet official.
 - f. In the long jump, assistants should be used in the approach only and should not enter the long jump pit.
 - g. Coaches should inform the starter or field event judge when an assistant will be used in the event.
 5. The games committee may allow a school to add an ineligible member of the team to a relay team with fewer than 4 eligible members on the day of the meet, for no points.

B. Officials

1. Student-athletes and partner-athletes are expected to follow rules and meet expectations. However, officials will have flexibility in accommodating individual disabilities.
2. Enforce violations when a competitive advantage is gained or creates a competitive disadvantage for another competitor. (False starts, scratches in long jump, and relay exchanges outside the exchange zone)
3. Dropping a baton is not automatically a DQ.

4. If a runner has an obvious false start, the race should not be recalled in the traditional format. The meet official should wait until the race is over and DQ the individual.
5. During your pre-meet instruction to timers, field judges, official score, etc., please emphasize the importance of recording every time and/or distance, for every competitor, in every event.

C. Regular season

Schools must schedule regular season competitions under IHSAA rules to be eligible for the tournament series.
