REPORTS

8) WINTER TOURNAMENT UPDATES

The commissioner and each assistant commissioner reported on their respective winter sports and the plans for the state tournaments including protocols at the state finals.

Commissioner Neidig also discussed the release of school enrollments in the coming weeks for realignment purposes. He expressed concern with some significant changes with some schools' numbers and how much the pandemic has affected those totals. No timeline has been set on when the new enrollments will be released.

He also discussed how the Tournament Success Factor will be applied given that last year's boys basketball tournament didn't reach a conclusion and the softball and baseball tournaments were cancelled altogether. No schools will move up in those sports given schools won't be able to achieve the point totals necessary during the current two-year cycle but some schools already playing up a class could remain in their same classification for the next two years.

9) SPORTS MEDICINE

Assistant Commissioner Robert Faulkens reported on conversations he has had with the Sports Medicine Advisory Committee (SMAC) and how excited they are to assist the IHSAA with Return to Play guidelines and an acclimatization plan.

Assistant Commissioner Chris Kaufman added there will be no changes to the 2021-22 Pre-Participation Physical Evaluation Form (physical form) and that a Spanish version of the History Form has been finalized and posted to IHSAA.org and myIHSAA.
