How Pairings are Determined

Singles

1. The 4 regional champions will advance to the state singles finals on Friday, June 6 & Saturday, June 7, along with the #1 undefeated singles players whose teams were eliminated during the semi-state team tourney or the state finals.

2. Pairings for the singles state finals shall be conducted in the following manner: The No. 1 singles player of the state championship team, provide she is undefeated, shall be the first placement. Any undefeated No. 1 singles player from a defeated state finals tourney team shall be the next placement. Any undefeated No. 1 singles player from a defeated semi-state tourney team shall be the next placement; if there is more than one qualifying individual from a semi-state team, the individual(s) with the greater number of individual games won in team play during the tourney will receive the better placement. The four players advancing to the individual state finals from the individual regional competitions will be the next placements. The individual regional champions with the greater number of individual matches won during the tourney (team and individual) will receive the better placements. The individuals shall be placed by a blind draw if there is a tie with the individuals' tournament records. No other data shall be used to determine pairings.

Doubles

1. The 4 regional champions will advance to the state doubles finals on Friday, June 6 & Saturday, June 7, along with the #1 undefeated doubles players whose teams were eliminated during the semi-state team tourney or the state finals.

2. Pairings for the doubles state finals shall be conducted in the following manner: The No. 1 doubles team of the state championship team, provide it is undefeated, shall be the first placement. Any undefeated No. 1 doubles team from a defeated state finals tourney team shall be the next placement. Any undefeated No. 1 doubles team from a defeated semi-state tourney team shall be the next placement; if there is more than one qualifying doubles team from a semi-state team, the doubles team(s) with the greater number of individual games won in team play during the tourney will receive the better placement. The four doubles teams advancing to the doubles state finals from the doubles regional competitions will be the next placements. The doubles team regional champions with the greater number of matches won during the tournament (team and doubles) will receive the better placements. The doubles team shall be placed by a blind draw if there is a tie with the tournament records. No other data shall be used to determine pairings.
